Meighen Is Expected To-day to Announce Polling December 5

Election Statement Is Anticipated at Conclusion of Meeting of Cabinet in Ottawa This Afternoon

NOMINATION DAY NOV. 21

Ottawa, Oct. 6.—(Canadian Press)—The date of the polling in the general election will be the chief item of business before the meeting of the Cabinet this afternoon. An announcement is expected as a result of an exchange of views this morning between Premier Meighen and Cabinet Ministers.

The rumor that nomination day will be November 21 and election day December 5 persists.

Cumberland.
Amherst, N. S., Oct. 6.—Hans J. Logan was nominated in the Federal riding of Cumberland at a Liberal convention here yesterday.

Chamby-Vercheres.

Montreal, Oct. 6.—That Canada had been committed to war against France in case Great Britain and France could not agree on the Silesian question was the fear expressed by Joseph Archambault, ex-M. P. for Chamby-Vercheres, at a meeting at Longueuil, following his nomination as Liberal candidate in the division in the forthcoming Federal election.

Meighen in Ontario.

Toronto, Oct. 6.—Premier Meighen will spend two weeks in a speaking tour of Ontario that will cover practically every section of the province. The list of meetings arranged for him provides for appearances in sixteen places. He will open his Ontario campaign at Speersville on the afternoon of Tuesday, October 18. He is billed to appear in Toronto on October 24.

Maritime Provinces.

Ottawa, Oct. 6.—Eastern nominations for the House of Commons include the following:
Prince, P. E. I.—A. E. McLean, Liberal.
Halifax—Dr. A. C. Hawkins and J. S. Wallace, Labor.
Pictou—P. M. MacDonald, K. C., ex-M. P., Liberal.

Stewart Nominated.

Ottawa, Oct. 6.—Hon. J. A. Stewart, Minister of Railways and Canals, was unanimously nominated as the Meighen party candidate at a largely attended meeting of the Liberal and Conservative Association of Lanark County, held in Carleton Place.

Borden Retires.

Toronto, Oct. 6.—"I do not intend to be a candidate at the approaching election," said Sir Robert Borden yesterday. "After twenty-five years of active service in public life, I believe I am entitled to retire. Further, my retirement is necessitated by my condition of health."

My Successor, Mr. Meighen, took up his task under circumstances of extraordinary difficulties. He has discharged that task with patience, judgment, ability and courage. In my judgment, no successful attack has yet been made on his policy or administration of public affairs."

East Kootenay.

Cranbrook, B. C., Oct. 6.—The Liberal convention for East Kootenay called for last night was postponed until Wednesday, October 12. The convention of the National Liberal and Conservative Party will be held at Invermere on Monday, October 10.

SEVEN SAILORS

WERE DROWNED

Stockholm, Oct. 6.—The Finnish steamer Hammar was wrecked during a severe gale off the coast of Sweden. Seven members of the crew were drowned. Five others succeeded in clinging to a wave-swept rock and were rescued after having suffered badly from exposure.

OPINIONS DIFFER

ON RAILWAY WAGES

Companies and Men Still Are Separated

Montreal, Oct. 6.—Representatives of the railway companies and the joint conference committee of the five railway brotherhoods concerned in the dispute over the 12½ per cent cut in wages recently instituted by the companies to-day reported to Mr. Justice MacLennan, chairman of the board of conciliation, appointed in connection with the above controversy, that they had failed to find a basis of settlement at their round table conference which has been in progress since Friday. This conference took place at the suggestion of Judge MacLennan, who thought it might be possible for the men and their employers to reach an amiable solution of their problem without the services of the conciliation board. The judge expressed disappointment and requested that representatives of both bodies adjourn with him in private chambers to talk the matter over.

HON MR. CRERAR BEGINS

Hon. T. A. Crerar, leader of the National Progress Party of Canada, opened his campaign last night with two big meetings at Brandon, the accommodation of one hall not being sufficient to hold the crowd which had gathered to hear the Progressive Leader. A report on Mr. Crerar's speech appears on page 3 of to-day's Times.

MICHAEL CLARK

LEAVES POLITICS

Not Candidate in Red Deer, Alberta

Calgary, Oct. 6.—Dr. Michael Clark will not be a candidate in the coming Federal election. He sent the following telegram to the Calgary Herald:
"In answer to numerous inquiries from Red Deer and other constituencies, please be good enough to state definitely that I will not be a candidate in this election."

Sfrathcona.

Wetaskiwin, Alta., Oct. 6.—D. W. Warner, M. P. for Sfrathcona, has been chosen as the candidate of the United Farmers of Alberta in the Federal constituency of Sfrathcona.

Royal, N. B.

St. John, N. B., Oct. 6.—G. H. Perkins has been nominated Farmer candidate in the Federal riding of Royal.

Frontenac.

Kingston, Ont., Oct. 6.—J. A. Kennedy, ex-Warden of Frontenac, has been chosen as the candidate of the United Farmers of the Frontenac in the Federal constituency of Frontenac. The Liberals have decided not to contest the seat.

Brandon.

Brandon, Oct. 6.—Robert Forke is the Progressive candidate in the Federal constituency of Brandon. He was nominated yesterday.

UNEMPLOYMENT

PROBLEM IN BRITAIN

No Official Statement Till Cabinet Decides

London, Oct. 6.—(Canadian Press)—That Premier Lloyd George said many things which nobody denies is the burden of much of the editorial comment on the speech delivered by Mr. Lloyd George at Inverness, Scotland, Monday night. It is recognized, however, that reliance on the part of the Premier was almost inevitable as the plans of the Cabinet for the handling of the unemployment situation are not yet definitely formulated. Several of the editorials return to a subject which the Premier did not directly touch, namely, the number of strikes, which has intensified the distress now apparent.

NOT GUILTY.

St. John, N. B., Oct. 6.—After considering the evidence one hour and forty minutes, the jury announced a verdict of not guilty in the case of Edward Patrick O'Brien, charged jointly with Thomas J. Spillman with murdering Albert Norris. An alleged thug, Norris, an aged farmer, was drinking with the two men when he was killed.

BANK ROBBERS

MADE ESCAPE

Spokane, Oct. 6.—No trace has been found of the two robbers who robbed the Spangle State Bank at Spangle, Wash., near here, of \$6,150 after shooting Miss Ruth Jennings, the assistant cashier, in the arm.

GERMAN MONEY

TO AUSTRALIA

Premier Expects Substantial Share of Reparations

Melbourne, Oct. 6.—Speaking in the Australian House of Representatives, Premier Hughes asserted that when Germany's war reparations debt is liquidated, Australia's share will be 1,250,000,000 gold marks. He added that it was for Parliament to decide whether Australia should resume trade relations with Germany. Australia was the only country that had not already done so.

ALDERMEN HERE

FROM CHICAGO

Mayor Porter Welcomes Committee on Cost of Living

Programme for Visitors in Vancouver

Thirty members of the Chicago City Council Committee on living costs arrived here to-day from Vancouver. Welcomed by Mayor Porter and Alderman Andros, they were taken for a tour of the city, and will leave on the Seattle boat at 4.30 o'clock.

The Party.

The members of the party are Aldermen W. G. Gower, M. F. Kavanagh, R. J. Mulcahy, M. S. Furman, J. J. Kaindl, J. Czekala, T. P. Devereaux, J. J. Touhy, T. R. Caspers, J. F. Kovarik, S. M. Hogan, J. McNichols, S. S. Wakarusa, J. B. Howler, M. Franz, C. G. Hendricks, C. A. Jensen, J. G. Lyle, A. O. Anderson, J. S. Clark, R. J. Poole, W. F. Harrah, E. Armitage, C. S. Eaton, S. O. Shafer, F. H. Confield, T. J. Conneely, J. A. Piotrowsky, E. A. Malone, D. A. Horan, T. A. Hogan, W. J. Lynch and T. F. Moran. Alderman Gower, chairman of the committee on high costs and high rents, is in charge of the party.

Each alderman or official is taking

special interest in the departments of each city government with which he is identified in his home city. Parks administration, fire equipment, markets, finances, pavement, high costs and high rents, rehabilitation are among the subjects under investigation.

"I find you have the same problems here in Vancouver as we have in Chicago, only on a smaller scale,"

said H. H. Confield, secretary of the finance committee, after listening to a long routine session of the local civic finance committee at the city hall yesterday afternoon.

Chicago had also to go to the state

legislature for financial relief, he said. The first relief was obtained in 1919. The tax rate was raised partly to replace revenue owing to a loss of taxes on automobiles cut off by prohibition. Some relief was allowed also on account of increased cost of maintenance.

Added revenue was also obtained

by the city by means of new powers of levying trades' licenses. These licenses were graduated according to the size of the business, he said.

The Chicago visitors were the

guests of the city at luncheon at the Hotel Vancouver and were welcomed by Mayor R. H. Gale. They spent the afternoon looking over the city.

U. S. RAILROAD

BUYS 2,000 CARS

Baltimore, Oct. 6.—Contracts for the purchase of 2,000 new freight cars have been awarded by the Baltimore & Ohio Railroad Company. The purchase will aggregate an expenditure of \$2,200,000.

JAPAN'S TRADE.

Tokio, Oct. 6.—The Finance Department announced to-day that the value of Japan's exports to September had exceeded her imports by \$30,000,000 yen. This is a considerable increase over the same period of last year.

CITY WILL RECEIVE

\$386,619 FROM SALE

Private Buyers Purchase 32 More Properties

Thirty-two parcels of land were bought by private purchasers to-day when City Treasurer E. C. Smith wound up the sale of an annual tax sale. This land was sold for \$7,962.24, bringing the total amount of money received by the city at the present time to \$386,619.39. Altogether 164 parcels of land have been sold out of about 700 parcels offered. As usual, the city to-day was forced to take over most of the land offered, about 100 parcels reverting to the Corporation.

Land sold to-day went into the

tax sale because its owners had failed to meet tax payments under the ten-year installment plan. Before the commencement of the sale of this property many parcels were redeemed as the land, in most cases, is very choice.

To-morrow morning Mr. Smith will

bid in land which private purchasers have bought at the tax sale but for which they have failed to pay. There are only a few parcels in this category.

Following the tax sale to-day the

Civic Reverted Lands Committee will meet to consider again what to do with the enormous amount of land which has reverted to the Corporation as the result of recent tax sales. The plan to auction this land probably will be revised but a number of aldermen are opposed to it.

LOSSES REDUCED.

London, Oct. 6.—The Sunday Express, one of Lord Beaverbrook's string of newspapers, announces that it has succeeded in reducing its weekly deficit from £1,000 to £24 at the present time.

ESTATE OF LATE

E. B. DEVLIN IS

VALUED AT \$15,625

Ottawa, Oct. 6.—Occupying a single sheet of foolscap paper and consisting of forty-eight words, the will of the late Emanuel B. Devlin, who was an Ottawa barrister and the member of Parliament for Wright County, was filed for probate yesterday. The widow is sole legatee and executrix. Mr. Devlin, who died in Montreal August 20, left property to the value of \$15,625.

LIQUOR CLOSING

TIME IN LONDON

London, Oct. 6.—(Canadian Press Cable)—The chairman of the London licensing magistrates has finally decided to recommend that the closing hour for the sale of liquor by London's licensed victuallers should remain at 11 p. m. This disposes of the question of the hour at which the February session, when the matter may possibly be renewed.

By the recommendation announced

to-day the hour for the breaking up of supper parties where drink is served will remain at midnight, as there is a period of one hour allowed for the closing of the bar after midnight before 11 o'clock for such supper parties.

CONFERENCE SPIRIT

OFFERS BENEFITS

London Times Deals With British-French Relations

London, Oct. 6.—The Paris correspondent of The London Times suggests the possibility of renewal or consolidation of the Entente through the French and British delegates working together at the Washington conference in the general cause of peace. Relative to the French and British differences, he says that what the French can not understand is "the persistent refusal of British statesmen to meet them open-mindedly and examine in a spirit of friendly frankness all outstanding causes of difference and strike an honest bargain wherever identity of view is impossible."

"I have reason to believe," adds the

correspondent, "that proposals of this nature have repeatedly been made from leading Frenchmen to leading representatives of Great Britain, but no response has been noticeable up to the present."

Conference Spirit.

Editorially The Times emphasizes the value of the conference spirit in Anglo-French relations. Washington advice, says the paper, affords evidence of President Harding's desire that the spirit of co-operation should prevail, citing the news that the United States and Japan have agreed to the re-opening of the Yap-Guam cable, and the issue of 'internationalism' in Belgium, Holland and Portugal to attend the conference.

Regarding the empowering of the

Treasury to negotiate the funding of all debts and the investing of an American with full powers to act on the Reparations Commission, The Times says:

"It would obviously be improper for us to examine either question at present. To do so would be indelicate, not to say impertinent."

Great Occasion.

It declares it has every hope with respect to the subject which may affect the success of the conference, and that the Americans "will rise to the height of this great occasion and meet it in the large and sagacious spirit in which they entered and fought out the war."

"Discussing funding of the Allied debts in its financial notes, The Times declares it is obvious that as the Allies stand in a position to meet their debt to the United States in the near future, funding operations are inevitable. It asserts that the delay by the United States Congress in passing a measure empowering the Treasury to negotiate the funding of the cause of the holding up of the plan for giving reconstruction credits to Austria, under the auspices of the League of Nations.

WRECKED CARS BURST INTO FLAMES

The collision, a rear-end one, is attributed to the failure of a signal or a mistake in working the signal. An investigation is being made.

The wrecked cars burst into flames

and the disaster was made all the more terrible by the explosion of a gas reservoir. The fire spread with great rapidity, and for a time cries of distress and the means of the dying were heard on all sides, but these finally burned to permit of recognition. The crackling of the blazing wooden coaches could still be heard.

Poison Fumes.

The firemen were not prepared for the barrage of poisonous fumes which assailed them as they reached the scene. Finally they succeeded in playing four streams on the last coaches at the St. Lazare end of the tunnel, but these were empty and not burning, while seventeen coaches in the centre of the tunnel, far from the firemen's efforts, were burning fiercely.

At no time could they get closer

to the inferno than a hundred feet. Now and then a passenger with blackened face came staggering out, begging the helpless firemen to enter the tunnel and save those dying within.

LOOGER KILLED.

Prince Rupert, B. C., Dec. 6.—John Goetz, a logger, was accidentally killed near Ocean Falls.

TWO LION CUBS

AS A GIFT TO MONTREAL MAYOR

Montreal, Oct. 6.—Francis Desjardins, a well known Montreal furrier, yesterday presented Mayor Martin with two live lion cubs as a token of esteem. It is thought the Mayor will turn his pets over to the city for one of its parks.

FIRE INSURANCE

AGENTS' CONVENTION

Here

Praise Choice of Superintendent of Insurance

President George S. Schetky, in his address to the British Columbia Fire Insurance Agents, in convention here to-day, expressed appreciation that the Government had selected a practical experienced insurance man for the new superintendent of insurance. He alluded to the proposed legislation by the Provincial Government in which insurance agents would be licensed.

The president made allusion to the

recent effort to secure a re-raising in this Province, in order that lower rates should prevail, and to the Niagara Falls convention which had accomplished much useful work.

Invites Superintendents.

On motion of George F. Warren, of Victoria, it was unanimously decided to send a telegram to the convention of Insurance Superintendents now in session in Quebec extending an invitation to that body to hold its next meeting in Victoria.

The main topic for discussion at the

convention will be the proposed legislation at the next session of the Legislature dealing with licensing of insurance agents and other amendments and the convention will prepare its case for submission to the Government.

Mayor's Welcome.

Mayor R. J. Porter extended a very hearty welcome to the delegates, of whom there are over one hundred from all parts of the Province. His Worship extended an invitation to the visitors to inspect the construction of the new \$4,500,000 drydock at Esquimalt and the ship-repair and other activities proceeding at Esquimalt.

Agents' Qualification.

Under the head of "Legislation," H. B. Leuty, president of the Vancouver Fire Agents' Association, gave an address this morning on "Licensing and Qualification of Fire Insurance Agents in British Columbia."

At this afternoon's session A. McCree introduced a draft of suggested constitution and by-laws to provide for British Columbia Fire Insurance Agents' Association, following which the business of appointing a nomination committee was taken.

R. W. Douglas, Vancouver, was unable to attend to give his address on "Co-operation," and a telegram expressing the regret of the conference in his inability to be present owing to illness was sent.

Insurance Superintendent Dougherty

was welcomed at the conference followed by reports that the death of the Emperor's half brother, Prince Aikido, Victoria, Courtney, Duncan, Kamloops, Fernie, Cranbrook, Kelowna and numerous other places in the Province.

DECLARATION OF JAPANESE POLICY

Troops to Leave Siberia as
Decided

Tokio, Oct. 5.—The Yozuka Chuo conference at Daien between representatives of Japan and the Far Eastern republic of Siberia are progressing.
The questions discussed, he added, mainly concerned commercial and industrial freedom in Siberia, guarantees for life and property, the right to lease land and customs.
Japan's policy regarding the evacuation of Siberia remained unchanged, he declared, and the withdrawal would be carried out at the proper time, which the Government itself would decide. The political situation, he said, forbade evacuation of the Japanese troops in the Maritime Province, including Vladivostok, for the moment, and the withdrawal from Sakhalin might not be carried out in the immediate future.
He asserted that on receipt of China's answer to Japan's proposals regarding Shantung, Japan would take proper measures, based on her declared policy.

WAR POSSIBILITIES IN THE BALKANS

Paris, Oct. 5.—Hostilities on a large scale appear to be possible in the Balkans, according to Charles Hitchcock Sherill, of New York, former United States Minister to Argentina, who has just returned to Paris from a trip which took him to Bucharest, Belgrade and Budapest.
"I am amazed," said Mr. Sherill today, "to find in Roumania what may be called a 'levee en masse.'"
He declared that Roumania was explaining her action by saying that it had become necessary to declare martial law in Bessarabia and Transylvania, the former territory having been received by Roumania from Russia and the latter from Hungary by virtue of treaties following the world war. He added that Serbia's action was being explained by affirming that military action was required in Bosnia and Herzegovina.

FLORIDA WATER IS CONFISCATED

Ruling Under Ontario Prohibition Law

Sudbury, Ont., Oct. 6.—Thirty cases of Florida water consigned to L. F. Trudeau were ordered confiscated by Magistrate Broder yesterday. The decision will have a far-reaching effect, as a precedent has been created which it is said will do much toward curbing the traffic in Florida water and similar commodities sold for drinking purposes.
"Should I rule otherwise," stated the magistrate in his decision, "I can see no reason why brandy, whisky or any other alcoholic beverage could not be labelled 'Florida water.'"

HULL BOOTLEGGERS ARE PROSECUTED

Seventy "Bling Pigs" Raided;
Liquor Seized

Ottawa, Oct. 6.—Seventy-five operatives of the Quebec Liquor Commission, aided by a police squad, swooped down on men engaged in the bootlegging industry in Hull yesterday afternoon in the largest raid of its kind ever attempted in this part of the country.
Over seventy alleged "bling pigs" were visited and liquor valued at over \$10,000 was seized.
Long after the raiding parties had ceased their activities, wagon loads of whisky and beer were being brought to the court house.
Wholesale prosecutions will follow.

WINNIPEG BONDS.

Winnipeg, Oct. 6.—A Winnipeg bond issue amounting to \$1,525,000 was sold yesterday to a syndicate composed of Ames & Co., Toronto, and Coffin and Burr, Boston, for \$1,065,545. It was announced by H. C. Thompson, City Treasurer. The bonds bear six per cent. interest. There were eleven tenders, representing twenty-eight firms.
This price means that in Canadian funds the money will cost about 5.52 per cent, which the City Treasurer said compared favorably with the \$15,000,000 Ontario issues sold last week, and being slightly better than the recent \$10,000,000 bond issue of the City of Toronto.

LIBERAL LEADER SPOKE IN AMHERST

Big Nova Scotia Audience
Heard Mr. King
Dealt With Manifesto of
Meighen Party

Amherst, N. S., Oct. 5.—Canadian Press Staff Correspondent.—Dealing with the manifesto of the Meighen Party in a speech to an audience of 8,000 here to-night, Hon. W. L. Mackenzie King, Liberal leader, declared Mr. Meighen began by claiming for his Government the credit for conducting the war, and ended by declaring that his Government had extended the franchise to women voters.
But, the Liberal leader asserted, there was no one who believed that the Government of Premier Meighen had carried on the war, and no one who did not know that Mr. Meighen and his friends had refused the vote to three-quarters of the women of Canada.
In 1917, Sir Robert Borden, Mr. Meighen and others had appealed for support in winning the war. They asked the people to forget past Government records and unite to win the war. Then there was to be a return to the old parties.
"The Government of 1917 was a coalition to win the war," declared Mr. King. "Will anyone say that this Government is a win-the-war coalition?"

Autocrats.
Precedents and customs had been brushed aside by Mr. Meighen, the Liberal leader asserted. The most sacred of these was the right of Parliament to scrutinize all public expenditures. Government was carried on to-day, controlled by political autocrats and industrial plutocrats.
"Until that combination is broken (and the people now have their opportunity), you cannot have free and proper government," Mr. King declared.
Mr. Meighen talked of free trade, the Liberal leader added. No man in Canada could talk of free trade as the tariff policy in Canada to-day.
"We must keep a tariff, and so far as the Liberal Party is concerned, we intend to keep a tariff. But there is need of tariff revision," the Liberal leader concluded.

MINISTER NOT NOW CHURCH MEMBER

Trafficked in Marriages in U.
S.; Dismissed

Wilmington, Del., Oct. 6.—The Rev. R. A. Western, a retired Methodist Episcopal minister of Elkton, Md., has been dismissed from the church after conviction on fourteen counts by an ecclesiastical jury. It was announced to-day.
Chief among the charges were trafficking in marriages, splitting fees and conduct unbecoming a minister.
Mr. Western admitted splitting fees with jitney drivers on his fees for performing marriage ceremonies. Since August 1, he said, he had performed about 200 such ceremonies.

A NEW MORNING PAPER IN LONDON

Westminster Gazette Will
Change its Field

London, Oct. 6.—London is to have a new morning paper. The Westminster Gazette, whose publication was suspended for a time by the Asquith element of the party, is to be transferred to that field.
Sir William Robertson Nicoll, editor of "The British Weekly," is announcing the transformation says that The Gazette's size and appearance will be somewhat like those of The Times and the price will be two pence. H. K. Spender will be political editor. It is also announced that "the experiment has behind it very influential support."

VANCOUVER NATATORIUM.

Vancouver, Oct. 6.—Plans have been completed for the immediate construction of an up-to-date natatorium in Vancouver, on the corner of Beach Avenue and Cardero Street. A warm salt water pool, 150 feet by 50 feet, will be the main feature. A considerable amount of Seattle capital has been subscribed for the enterprise, and the balance will be raised locally.
The natatorium, which will be conducted as a privately-owned commercial enterprise, will be controlled in Vancouver.

HIS FINGERS WERE DRAWN LIKE CLAWS

Burden's Whole Body Ached
With Rheumatism; Is Like
Different Person Now

"Tanlac deserves the palm, for it does everything that is claimed for it," said Ernest Burden, Victoria Court, corner Victoria and Robinson Streets, Regina, Sask.
"When I began taking Tanlac my whole body ached from rheumatism, but it was worse in my right arm and fingers than anywhere else. My fingers would draw up in the morning and stiffen until they looked like claws. I had very little appetite and was simply a bundle of nerves.
"I'm glad to say I'm like a different man now, eating better, sleep better and work better than I have in years. I'm writing to go down in black and white as recommending Tanlac because I have confidence in it."
Tanlac is sold in Victoria by D. E. Campbell and other Druggists. Adv.

HALIFAX AUDIENCE HEARD MEIGHEN

Premier Again Declared Pro-
tective Tariff Policy

Eastern Ports as Outlets For
Exports

Halifax, Oct. 6.—Canadian Press Staff Correspondent.—Addressing more than 3,000 people here last night, Premier Meighen again declared his absolute belief in the protective policy for Canada, declaring that the destruction of tariff walls at the present time would prove of the greatest injury to the country.
He considered the protective policy as important in its relations to the maritime province ports. He declared that Canadian exports should find their outlet from the ports of Eastern Canada. In order to do this they must move from West to East and not from North to South. They must be carried through Canada and not through the United States.
Hon. F. B. McMurtry, Minister of Public Works, thought the indications were that the Liberals would not even hold the eleven seats West of the Ottawa River which they held in the late House of Commons.

COMPENSATION BOARD DELEGATES MET

St. John, N. B., Oct. 6.—J. Stirling, Alberta, was elected vice-president, and H. S. Winn, British Columbia, was made a national member of the executive at the final meeting of the Canadian Association of Workmen's Compensation Boards here yesterday. Edmonton was chosen as the meeting place for next year.

SECOND MEETING OF LEAGUE ENDS

Sessions of World League As-
sembly Adjourned

Geneva, Oct. 5.—The second meeting of the Assembly of the League of Nations adjourned to-night.
President Van Karnebeck, summing up the work of the session, said those who had expected the League to be a world suddenly into a paradise would be disappointed, but the pessimists who had predicted disaster for the League would be confounded by the results of the work accomplished. He dwelt upon the importance of the International Court of Justice and the various technical organizations set up by the Assembly as real progress toward the kind of internationalism the League was organized to bring about.
Opinions of a majority of the delegations regarding the work of the League are divided, but the net results apparently give general satisfaction.
The attitudes of the delegates toward the Washington conference on limitation of armaments vary according to the situation of different countries. The small states say it is for the last nations to make a beginning in this direction, hence Washington is the proper place for such a beginning, since there all the great armed nations will be gathered together.

THE QUESTION OF REGISTRATION OF TREATIES AS PROVIDED FOR BY ARTICLE XVIII OF THE COVENANT, WHICH IT IS PROPOSED TO AMEND, HAS BEEN DISCUSSED UNTIL THE NEXT MEETING OF THE ASSEMBLY.

Rome, Oct. 5.—(Associated Press)—The Institute of International Law opened its sessions here to-day with Marquis Corbi, the president, presiding.
Louis Doumer, president of the Court of Cassation of Holland, attacked the whole system and form of the League of Nations, saying it was not only inept, but mischievous.
Francisco de la Barra, of Mexico, suggested that the League be strengthened, its basis enlarged and its scope broadened on condition that it should not become a super-state.
Sir Thomas Barclay, vice-president of the Institute, regretted the absence of the United States from the League, which he considered greater than the absence of any other country. He agreed, however, with the Americans' condemnation of Article 19, which he declared was as full of danger for Britain as for the United States.
He contended that until the Soviet Government should be recognized as the de facto Government of Russia, it was useless to hope for the inclusion of Russia in the League.

CHILD WELFARE CONFERENCE HELD

In Winnipeg Canadian Work-
ers Discuss Measures

Winnipeg, Oct. 6.—As a preventive of child delinquency and the breeding of adult criminals, many recommendations for amendments to existing measures and new legislation tending to better control and upbringing of children in the home were advocated at yesterday's sessions of the Dominion Conference on Child Welfare Work, the first of its kind to be held in Canada. It is expected that out of this conference will come the organization of a permanent association for neglected, dependent and delinquent children.
A complete census and classification of children in Canada and pensions to worthy widows bringing up families, to mothers whose husbands are in jail, to deserted mothers and to unmarried mothers were suggested as means for coping with the child delinquency problem.
Inter-provincial regulations for administration of the Mothers' Allowance Act and a uniform scale of allowances for the whole country were other measures put forward by speakers.

More than 100 delegates, under the chairmanship of Mrs. A. H. Rogers, Winnipeg, attended the sessions yesterday, and practically every province in the country was represented.
Quebec.
Winnipeg, Oct. 6.—Hon. Phillip A. Choquette, a judge of the sessions of the Dominion Conference on Child Welfare Work, a section of the Dominion Council of Child Welfare, said yesterday that the people of his province did not like to be told that they were behind in welfare legisla-

tion backward in their humane duties because they had not done as the people of the West, who had provided such welfare measures as the Mothers' Allowance.
Judge Choquette, who is attending the Dominion conference on Child Welfare, said that for 100 years the people of Quebec had been adopting without recourse to legislation measures which had, in his opinion, more naturally and more adequately brought relief to mother and families bereft of their breadwinners or impoverished through other causes.

Treatment.
Philadelphia, Pa., Oct. 6.—Criminal inclinations and incompetency in children may be prevented at inception by proper treatment of the endocrine glands and the dietary regulation of food, Dr. H. P. Priedenberg, of New York, told the Pennsylvania Medical Society, in convention last night.
Truancy, dishonesty and criminal tendencies in juveniles are the results of diseases which may be traced to the thyroid or other glands, distributing the secretions of the body to the various organs, he declared.

EQUALIZATION OF TAX RATES DESIRED

The London Borough Council
Passes Resolution

London, Oct. 6.—A resolution opposing the levying of any local taxes except those to meet local needs and requirements of the poor law until the London tax rates are equalized was adopted by the Council of the Borough of Stepney, a section of London, last night. This resolution was identical with those recently adopted by the borough councils of

Ottawa, Oct. 6.—The Canadian Battlefields Memorial Commission has a report of the professional assessors upon the competitive designs submitted for eight monuments to be erected on the battlefields in France and Belgium. The competition has been in progress during the past year and has been participated in by leading architects, sculptors and artists generally. The decision reached by the Commission will be communicated to the Governor-General-in-Council, after which the name of the successful competitor will be announced.
In the first stage of the competition, 160 sets of designs were sub-

Wheeler was also quoted as saying in a speech: "Never mind the law and order stunt. Most violence will be done by the Communist Party. It is going to fight for the unemployed like us."

Charlie Chaplin, the most famous screen comedian, probably never heard this, but he has answered it in an entirely unexpected way by a series of the most comical scenes he ever put into a picture in the things he does in raising his foster son in "The Kid." First National's six reels of joy, which will be the attraction at the Variety Theatre again to-day.

CAPITOL

As the dirty, grimy, fighting form of a steel mill, Seinfeld, Elton presents a new Conway Tearle to the public in his latest production, "The Road to Ambition," at the Capitol Theatre all week.

Mr. Tearle, as Bill Matthews, plays the part of a young man who, through the utilization of heretofore waste steel, becomes a financial power in the town where he has served as a workman and laborer. He travels "the road of ambition," sweeping all obstacles from his path until he becomes the most powerful factor in the steel world. His most cherished dreams and ambitions are satisfied, but he finds he is unsatisfied and unhappy through his inability to win the affections of the girl he loves. How he wins her love, and defeats the plans of the people organized to ruin him financially, affords Mr. Tearle an opportunity to enact one of the strongest and most dramatic roles he has yet presented to the public.

William P. S. Earle as the director deserves great credit for the magnificent sets and great drawing power of the picture.

NOVEL PLAY AT PRINCESS THEATRE

Varied and Entertaining Offering by Mildred Page Players

In this week's offering at the Princess Theatre, "As We Are," the Mildred Page Players offer something that is entirely out of the ordinary and makes a big hit with the audience.

As demonstrated at last night's opening performance.

The play is very cleverly worked out, and the local company of professional artists make use of every opportunity to make the play a life and all the vicissitudes of the actor's work are shown on and off the stage.

There is plenty of variety and the offering includes all sorts of songs, dances and little playlets. Incidentally Byron Aldern has a terribly bad dream, but he says it is no dream when it comes to playing that he is dreaming as it must be presented before the footlights.

In the prologue Byron Aldern and Mildred Page are shown in their home after the show any evening. The first episode is enacted in front of the theatre next morning, then the audience is taken "back stage" and the fun begins.

There is a catchy little introductory farce, "A League of Nations," followed by singing and dancing by Lilly Dooley. Then there is a tense drama entitled, "The Crackman," which makes a big hit. The vaudeville stunts entitled "Baked Beans," are very good and the balance of the programme is made up of entertaining sketches, songs and dances.

The episode, of course, brings the scene back to the Aldern home, where it is discovered that the popular star is supposed to be awoken to find that he was only dreaming after all.

ROYAL VICTORIA

The great snow-storms last February, which stopped traffic on the railroads and entirely isolated towns like Port Henry, on Lake Champlain, were a blessing in disguise. This has been one of the most severe winters Port Henry has ever experienced, but also one of the most prosperous. And the reason is the motion picture.

As soon as Rex Beach heard of the ideal conditions at Port Henry, for Alaskan snow scenes, the Goldwyn Company sent their actors and directors to Lake Champlain to take the winter scenes for the next Beach picture entitled, "The North Wind's Malice," which will be shown at the Royal Victoria Theatre again to-day.

New York City was ransacked for costumes such as are worn in Alaska, and a group of sturdy men was selected to portray the part in the story which has its setting at Hemlock, a small mining town in Alaska. Two Curtiss airplanes were requisitioned and sent up to Port Henry by train to supply the blinding snow for the blizzard scenes.

All sections of the country are represented in the cast that was assembled by Goldwyn for "The North Wind's Malice." Tom Santschi and Joe King were brought East from the actors' paradise of Los Angeles, where Mr. King has been since he left his home town of Austin, Texas. Tom Santschi was born in Switzerland. Vera Gordon was born in Russia and was engaged by Rex Beach while returning to New York from a theatrical engagement in London. Jane Thomas, the leading woman, was engaged in Chicago. The leading juvenile, Walter Abel, comes from St. Paul.

The musical attraction this week will be Miss Clare Powell, musical reciter and entertainer, who will give some very striking recitations with musical accompaniment. "The Call of the Wild," by Robert Service, with special electrical effects, will be one.

Guaranteed a 100 Per Cent. Perfect Production

DOMINION—Monday, Oct. 10

DOMINION

Twelve stellar players and a supporting cast of unrivalled quality—that's the record set by Cecil B. DeMille's latest Paramount masterpiece, "The Affairs of Anatol," which is showing at the Dominion Theatre this week. The roster reads, like a screed of who's who. The phrase "all-star" cast is a much abused one, but it adequately describes a cast that includes Wallace Reid, famous Paramount star; Gloria Swanson, Elliott Dexter, Bebe Daniels, Monte Blue, Wanda Hawley, Theodore Roberts, Agnes Ayres, Theodore Kosloff, Polly Moran, Raymond Hatton and Julia Payne.

Nothing like the cast in the way of aggregate talent has ever been assembled before. The drawing power of almost any of the names on the roll has been sufficient to awaken the interest of the discriminating public. Here, for the first time, they are appearing in a single production under the direction of a master producer—Cecil B. DeMille.

"The Affairs of Anatol" was written by Jeanie Macpherson, author of many notable Cecil B. DeMille productions. Her story was suggested by Arthur Schnitzler's scintillating comedy of the same name.

The same quality that is featured in the cast of principals and in the authorship have been carried through every phase of production work. The supporting cast includes such capable actors as Guy Oliver, Chas. Ogle, Clarence Geldart, Maude Wayne, Ruth Miller, William Boyd, Lucien Littlefield and others. The beautiful settings are the work of Paul Irie, famous French artist, designer and decorator.

CRERAR OPENED PARTY'S CAMPAIGN

Leader of Progressives Heard in Brandon

Opposed Principle of Tariff Protection

Brandon, Man., Oct. 6.—(Canadian Press Staff Correspondent)—Before a couple of crowded meetings here last night, Hon. T. A. Crerar, leader of the National Progressive Party, opened his campaign. At both meetings he received an enthusiastic greeting.

Warmly he rejected any suggestion that the National Progressives stood for class legislation. He admitted that in its inception among the farming community the movement partook of a class movement; but the Progressives were now drawing to themselves members of all classes. "I detest class legislation," he exclaimed, and his words were roundly applauded.

We had had too much of it in the last forty years. One of the healthiest aspirations of the Progressive movement was to get away from class legislation. Out of the farmers' movement had grown a new ideal in public life, he said.

Big Business.

Mr. Crerar saw behind the new Meighen administration the shadow of big business, he declared. "It is a Government controlled by big business," he declared. "It is a Government controlled by big business to-night to expose to the gaze of the Canadian people the source from which its campaign funds are coming in the present election."

Nothing to Offer.

Mr. Meighen had submitted no constructive policy. For financial difficulties, for railway problems, the Government had nothing to offer.

While intimating that he would have something further to say at a later meeting on the Meighen Government's "voluntary" wheat pool, Mr. Crerar stigmatized it as a "political" pool from first to last. He held that railway and financial difficulties could be met only by the adoption of such a policy as would encourage immigration and increase production.

Tariff.

Mr. Crerar attacked Mr. Meighen's contention that protection had brought prosperity to Canada. In 1911, Mr. Crerar declared, the census showed that Canada had a population of 7,200,000. Immigration since then, according to official figures, has amounted to 1,800,000. In the same period, births, over deaths, numbered 1,400,000, so that, at the present time Canada should have a population of 10,140,000.

As a matter of fact, however, official reports of this year's census showed that the total population of Canada would not be found to be in excess of 8,500,000. That, added Mr. Crerar, left over a million and a half unaccounted for.

"Mr. Meighen wants to know where we stand in regard to the tariff," Mr. Crerar continued. "He stands opposed to the principle of protection as being neither sound economically nor right morally. Our policy on the tariff is development of the natural resources of agriculture, of the forest and of mining. These are the real industries. If we put them in a healthy condition, our country will prosper."

New Party.

Never had the problem of an election been so great. A new party had made its appearance. It was a natural thing that the movement should have had its birth among the agricultural sections of the community. Out of the farmers' organizations had grown a new ideal in public life. There had been many foolish resolutions passed, but there was a serious desire to solve national problems. But while the movement had arisen among the farming population, it was attracting to itself peoples of all classes in Canada.

For Improvement.

"The Progressive movement," Mr. Crerar exclaimed, "has been styled a class movement. It is in its origin a class movement; but anyone who suggests that the aspirations throughout Canada for better things are class aspirations is in wide of the mark of what actually exists at the present time."

"Let me ask this question: 'Is there any staid, saner, more solid body of men in Canada than the agricultural population?'"

The farmer was both a capitalist and a laborer. He worked with his

hands and yet he had an investment in his property.

Nor was there anything to the claim, Mr. Crerar went on, that if the National Progressives should be elected there would be class legislation or class domination.

Mr. Crerar expressed his disappointment at the speeches made by Premier Meighen recently. "I ask you," Mr. Crerar went on, "to read the speech of Mr. Meighen made in Portage la Prairie, and to say if there was a word of conservative statesmanship in the speech."

Wheat Pool.

"I thought," said Mr. Crerar, "that he never made such a poor showing as he did in his defence of the inquiry of the Grain Commission. That inquiry was inspired by political motives, and carried out for political purposes only, and we will prove it when the time comes. Mr. Meighen has offered a sort of politi-

cal wheat pool. But at the same time when the Wheat Board would have been of some use to the farmers of the country, the Government did not want to carry it on. Now, on the eve of an election, Premier Meighen says that if you return him to power he will see that you get some sort of voluntary pool."

"The whole thing," Mr. Crerar declared, "is political from first to last. I know that some of the eastern colleagues of Premier Meighen at any rate are not in favor of a wheat pool, and I notice that in the speeches he is making in the East he is making no mention of a wheat pool."

An Excuse.

The claim of the tariff uncertainty was only an improvised excuse for holding a general election, he said. It was an improvised excuse for dissolving Parliament five months after the census had been taken, when the

figures were available for de-distribution—a redistribution that would give to the Western provinces the

MORE FARMS WANTED.

When Sir Joseph Flavelle says that Canada may recoup much of her railway losses by settling the vacant acres of the West he gives voice to the obvious. He is on sound ground in recommending that the ablest body of men in this country should be authorized to study and apply the soundest methods to bring this about. But Sir Joseph has not made a discovery. This newspaper and many others have advocated action by the Dominion Government in co-operation with the Provinces in order that suitable areas might be prepared for the settler and sold to him at a reasonable price on easy terms. Nothing has been done and not so very long ago a former chairman of the Federal Soldier Settlement Board announced that nothing in the way of organized clearing or irrigation work would be undertaken by the Board. There is nothing in the Prime Minister's manifesto which suggests that he is ready to launch a programme for the expansion of the agricultural industry of this country. He does not seem to recognize the significance of the trek citywards. Increase of population in urban centres at the expense of the rural communities seems to have escaped the leader of a Government which expects a new lease of life from the people of Canada. Mr. Meighen has not learned a lesson from the continued appeal for farm help. It has apparently not dawned upon him that the agriculturalist of the present age is not keen on the pioneering exercises to which the men of brawn and courage applied themselves with zest in a previous age. He sees no need to alter an immigration policy which brings in more city dwellers and strikes at the very root of the agricultural industry which supplies the props that support the manufacturing activity of the country. Give the bona fide settler with the necessary qualifications an opportunity to purchase improved land at a fair price and the country will get the sort of population that is so urgently needed. In other words when it is understood that the farm is responsible for the existence of the factory Canada's railway and other problems will be nearer solution.

"MESPOT" ECONOMIES.

Those caustic critics of Great Britain's expenditure upon the military policing of Mesopotamia will learn with satisfaction that the job in its entirety is about to be transferred to the Royal Air Force. It is true that one or two squadrons of cavalry will be retained; but to all intents and purposes the Government intends to rely upon the moral influence of the aeroplane and its superior mobility to impress the natives with the significance of their new status under the British mandate. Two important features are involved in this novel policy. The British taxpayer will be saved many millions of pounds and the more modern arm of the service will be provided with an opportunity to demonstrate its capacity to carry out garrison and occupation duties abroad. If the latter should prove successful more economies may be effected in other parts of the Empire.

WIDE OF THE MARK.

If Mr. George Bernard Shaw would confine himself to literature and the drama instead of permitting his native wit and undisputed cleverness to run amok on subjects of which his knowledge is woefully limited he would not have been guilty of the suggestion that Mr. Lloyd George has expressly committed himself to bring Great Britain into war with the United States. No better rebuke could have been administered than that of

Mr. Henry Arthur Jones whose eminence in the dramatic and literary world has not impaired the clarity of his vision. Of Shaw's outburst he says in part as follows:

"If there is any American who, from ignorance of the habitual, confirmed, ineradicable English feeling toward America, is likely to be deluded by Mr. Shaw's latest and grossest attacks upon the country that too long has harbored him and has basely submitted to be jeered at and spat upon by him; if there is an American who is likely to lend a moment's credence to Mr. Shaw's foul and crazy assertion, I assure him with the utmost confidence that under no conceivable circumstances could my countrymen be persuaded or cajoled or duped or forced to load a single bullet against America. It is a stark impossibility. I have no doubt that accredited leaders of American thought and feeling will reply to this criminal anarchy that, if it took two years to bring peace-loving Americans against all their natural, traditional and national policy into war with Germany, it will take two thousand years to bring them into war with England."

Mr. Shaw invariably makes a mistake when he begins to talk politics. In his own country he is a prophet without honor. He is a triumph in originality; but his genius for mischief may be misunderstood by an element in the United States which has made rapid strides towards a correct understanding of the British people after years of suspicion. Happily for the good of the two countries the great bulk of the American people as well as its press take Mr. Shaw with a large grain of salt.

A TALL YARN.

Paris is discussing a harmless yarn discovered in the unpublished memoirs of the late General von Moltke. There are two main points to the narrative. One suggests that the advance on the French capital was rehearsed on three occasions before the war and each time von Kluck—who will be remembered as the commander of the German right wing—advanced too rapidly. Von Moltke is reputed to have recorded his promise of defeat if his colleague did the same thing in actuality. But the crowning feature of the revelations is a declaration that the ex-Kaiser was in utter ignorance of the army's intention to attack through Belgium. At this late stage a little fiction about the war does no harm.

COMMUNISTIC AID?

When a British communist was committed for trial on a charge of sedition at Sunderland this morning the Court learned that the accused had been guilty of declaring in a speech that the Communist Party was "going to fight for the unemployed like hell." Whether this genial gentleman will be permitted to contribute his part to the sanguinary struggle will depend upon the judicial opinion of his own particular officer; but the programme announced should be useful to the sensible working man who is out of employment. He realizes that the nature of his case is such as may be dealt with only by methods that will obtain the sanction and support of the great majority. He also knows that as soon as the radical elements attempt to interfere under the guise of assistance to the idle those very clashes which the peace-loving Briton detests will take place and reverse a practical sympathy into an open antipathy. But just as long as British Labor rings true to tradition—and there is nothing to suggest that it will not—these sort of utterances will assist the intelligent working man to rid himself of the revolutionary parasite.

INDUCING INDUSTRY.

Very few people will be concerned about a difference of opinion in connection with the procedure followed by the Industrial Committee of the City Council. Whether one alderman should have made certain information public prior to taking the advice of his colleagues or not is of minor importance when compared with the general course of action that the aldermanic body proposes to take to induce industrial concerns to establish themselves in Victoria. There is no suggestion that the City Council should fall over its feet in a hurry to agree to everything that may be asked for. No manufacturer would establish himself here were it not in his own interests to do so. At the same time when several localities with more or less uniform claims for recognition are endeavoring to net the same fish the competitive element cannot be ignored. It can also be set

down that any concern willing to build a factory in Victoria and give employment to three or four hundred people should get concessions commensurate with the material returns that would thereby accrue to the community in general.

NOTE AND COMMENT

Canada will sell flour to the Soviet Government of Russia for gold. This is the sort of payment that requires no interpreter.

Five cases of alarm clocks from Hamburg are expected to arrive by the Holland-America Line freighter Nooderdijk when she reaches Vancouver during the week end. As they accompany a fairly large liquor shipment they may be false alarms.

An attempt was made yesterday to introduce secret diplomacy methods into the League of Nations but it did not succeed. Happily there will be little of the old practices left once the people of the world insist that there shall be no more wars.

When Mr. John P. Babcock inspected Harrison Lake and district in connection with the salmon fishing industry twenty years ago it took him a week to do it. He did the job by aeroplane on Tuesday in six hours and covered a great deal more territory.

ASSERTS LIQUOR ACT IS YET TO BE PROCLAIMED

Peculiar Case in Police Court To-day Said to Be Intercepted En Route to Mexico

Holding that the Government Liquor Act has not yet been brought into force, and that therefore people accused with offences against its manifold provisions could not be so charged, R. C. Lowe, appearing in a police court case, to-day made an effort to upset the provisions of the Act.

"Section 115 of the Government Liquor Act provides that the new Act will be brought into force upon a proclamation to that effect by the Lieutenant-Governor. In the B. C. Gazette for June 2, 1921, we see at page 1855 a proclamation by the Lieutenant-Governor in Council. Now the interpretation Act draws a distinction between the Lieutenant-Governor, the representative of the King in the Province and the Lieutenant-Governor-in-Council, who is but the figurehead of the Executive Council of the Legislature."

"This distinction between the Lieutenant-Governor and the Lieutenant-Governor-in-Council would not have been drawn if it had not been intended, and I submit that the Government Liquor Act has never been brought into force. The Lieutenant-Governor in person, and on his own initiative is the only person who can bring this Act into force, and he has not yet done so."

"I will therefore ask for a dismissal on that ground."

Magistrate Jay decided that the objection taken by Mr. Lowe could not be sustained, and imposed a fine upon George Brooke and George McIntosh, who were each fined \$100, and confiscation of 455 bottles of liquor, in 27 sacks, valued at \$1,735, was ordered.

To Be Shipped.

The evidence in the case was of unusual interest, being told by Sergeant Boulton and Constable Stark. The witnesses stated upon a certain night they had seen a large and powerful car on Store Street, and saw it proceed to the wharf near the train bridge, known as Janion's wharf. Here the lights were put out and the men alighted from the car. In the rear of the car were sacks piled upon sacks, which were afterwards found to contain liquor, including Scotch and Bourbons, whisky, gin, vermouth and Benedictine. The accused could not show proof of legitimate ownership, but stated that liquor had been bought from the National Exporters, Ltd., of Vancouver, shipped to this city via the Dominion Express, and was at that moment about to be put aboard a small ship for Mexico. The facts were stipulated.

Valuable Cargo.

An inventory of the liquor taken in court to-day showed 132 bottles of Bourbon whisky, 258 bottles of John Dewar's Scotch, 12 bottles of Benedictine, 6 bottles of Vermouth and 67 bottles of dry gin.

In moving for dismissal Mr. Lowe raised the first objection in connection with the act, and then pointed out that the liquor was for export, and therefore did not need to be sealed, being in transit at the time.

The accused were facing a charge of keeping liquor unsealed, and they were about to export it stated counsel.

Mr. Lowe rested his case there without calling evidence. City prosecutor Harrison moved for conviction, waiving any discussion on the first object, but stating that all liquor anywhere within the province in private ownership had to bear the government seal.

U. S. GERMAN LOAN.

Berlin, Oct. 5.—It is reported unofficially that certain American bankers have offered to support a group of manufacturers in flotation of a loan for the German Government. According to The Lokal Anzeiger, discussions with the American bankers will begin shortly.

"The stars incline, but do not compel."

HOROSCOPE

THURSDAY, OCTOBER 6, 1921.

(Copyright, 1921, by The McClure Newspaper Syndicate.)

Astrologers read this as a day doubtful for women. While the Sun and Neptune are in benefic aspect, Venus and Mars are adverse.

Increased industrial competition between women and men is forecast and for a time women are to suffer injustice. It is prognosticated.

This should be a lucky day for seeking employment, but men will profit by the planetary government, discrimination against women being indicated by the stars.

There should be renewed activity in many lines of business and manufacturing apparatus at the close of the day.

The Sun again smiles on those who hold important positions in government affairs and increased popularity is promised for important officials.

The President of the United States is steadily to gain in popularity. He will win the confidence of the people, but may estrange politicians, for his stars are read as inclining him toward increased independence of action.

Neptune is in an aspect that promises clarity of mind and an access of common sense.

"The stars foreshadow great progress in education and increase in the number of students in colleges."

Venus seems to forecast for women certain obstacles that will arise in university centres where they may find themselves unwelcome.

The stars find in the aspects a menace to women who must go through a period of readjustment in public affairs.

Venus is in a place held to give warning that women must now realize what political and commercial equality really means and this is interpreted to fore-shadow a cessation of all special favors on account of sex and previous conditions.

The partial eclipse of the Moon, ten days hence, is read as indicating dangers to women in childbirth.

Persons whose birth date it is have the augury of a very successful year. Domestic affairs may bring problems, but financial conditions should be satisfactory.

Children born on this day may be rash, headstrong and exceedingly energetic. They will succeed best as employees.

Decree Absolute Granted.—In the Supreme Court yesterday, Mr. Justice Murphy granted a decree absolute in the divorce action of Taylor vs. Taylor. Mrs. Elizabeth Taylor, the plaintiff, was awarded the decision, and the custody of two children. H. B. Robertson appeared for the plaintiff, the suit being undefended.

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Daily Times, October 6, 1896

Seattle, Ill.—Officials of the Order of Railroad Telegraphers here have received dispatches from Montreal showing the tie-up on the Canadian Pacific Railway to be complete. Nothing is moving except a few passenger trains, as a result of the telegraphers' strike.

St. Louis.—On his arrival here to-day, W. J. Bryan gave out a statement accepting the Populist nomination for President.

Mr. Justice Drake this morning awarded judgment in the Point Ellice Bridge case, compelling the city to build a bridge strong enough for tramway traffic.

Alderman Williams, at the next Council meeting, will ask the Mayor to interview Mr. Dunsmeuir and secure, if possible, an extension of time for the use of the Esquimalt and Nanaimo Railway bridge for a further period of sixty days.

POLITICS

Labor's Nineteen Points.

Candidates to Be Tested.

Land and Land Value Taxes.

East Suspicious of Farmers' Plan.

What Labor considers the political issues of the day is embodied in the nineteen principles of the Trades and Labor Congress of Canada.

Although the Congress is not a political body and has no candidates in the field, it is the legislative mouthpiece of organized workers, and seeks to discover and place on record the attitude of every candidate on labor questions.

A questionnaire, based on the nineteen points of Canadian labor, is being prepared and will be presented through local unions, to every person seeking election.

The nineteen points of Canadian Labor are:

1. Free and compulsory education.
2. Maximum working day of 8 hours and 44 hours a week.
3. Enforcement of fair wage regulations based on established union conditions in all Government work.
4. Public ownership and democratic management of all public utilities.
5. Government control and fullest development of all natural resources.
6. A tariff board on which labor is represented.
7. Revenue by direct taxation.
8. Abolition of non-elective legislative bodies.
9. Exclusion of Asiatics.
10. Demand and use of the union label.
11. No employment of children under 16.
12. Equal pay for equal work for men and women.
13. Voluntary arbitration of labor disputes.
14. Proportional representation with group constituencies.
15. Unemployment insurance.
16. Encouragement of workers' co-operative societies.
17. Old age pensions, state insurance for sickness and disability.
18. Uniformity of labor laws throughout the Dominion.
19. International disarmament.

Although Labor has come out for "revenue by direct taxation," inclusion of a tariff board is taken to mean that some sort of tariff is supported.

Tom Moore, president of the Dominion Trades Congress, on leaving for England, however, declared that the raising of revenue by tariff was "both wasteful and dangerous" and that it should be obtained by taxation on land.

The Farmers' platform, as approved by the Canadian Council of Agriculture, declares for taxation on land values.

This, the Montreal Herald points out, must not be confused with taxation on land as proposed by Labor.

Difference between the two forms of taxation are dealt with in this way by Henry George: Taxes on the value of land must not be confounded with taxes on land, from which they differ essentially.

Taxes on land—that is to say, taxes levied on land by quantity or area—apply equally to all land, and hence fall ultimately on production, since they constitute a check to the use of land, a tax that must be paid as a condition of engaging in production.

Taxes on land values, however, do not fall on all land but

only upon valuable land and only on the owner of the land.

Taxation on land values as urged by the Farmers means that the burden would fall not on them, but on the valuable land in the Eastern Provinces. The Montreal Herald argues. It says:

The value of the land in Quebec and Ontario is, of course, far greater than anything in the West, especially the land on which the eastern industrial communities are situated.

To adopt the naive language of the author of the doctrine, "it is only necessary that the taxation of land values, to which true free trade compels to resort for public revenues, should be carried far enough, to take, as near as might practically be, the whole of the income arising from the value given to the land by the community."

It is useful to understand just what sort of system the Western farmers and some of the labor group would subject us to in order to leave the agrarians in full enjoyment of cheap production and cheap transportation, at the expense of the populous Provinces of Quebec and Ontario.

Hallowe'en Party for Kiddles and Adults Planned
 Members of the Camosun Chapter, I. O. D. E., met yesterday afternoon for the regular meeting at the home of Mrs. Sylvester, Fort Street, and at the close of the business session were entertained at tea by their hostess, Mrs. J. C. Barnacle, the regent, was in the chair.

Business included the final arrangements for the Hallowe'en party to be held at the Alexandra ballroom on October 28. Fancy dress will be optional and prizes will be awarded for the best costumes. The affair is being arranged for the entertainment of both children and adults. Children will have the floor from 8 o'clock, when the ballroom will be closed for an hour, and the grown-ups will dance from 9 till midnight.

Heston's orchestra has been secured and the success of previous parties held under the auspices of the Chapter is in itself a strong recommendation for the evening's entertainment.

Mrs. Albert F. Griffiths is convener of the floor management, and Mrs. Luxton will arrange the decorations. Mrs. C. L. Campbell and Mrs. Watson will attend to the catering, and Mrs. Klippen and Mrs. Wille will be in charge of the candy stall.

Tickets may be obtained from any member of the Chapter. The dance, which will include all manner of Hallowe'en games, such as bobbing for apples, and many other time-honored pastimes, will be one of the foremost of the winter social affairs.

Mrs. J. F. C. Hyndman was elected president by acclamation of the Women's Canadian Club at the annual meeting yesterday, succeeding Mrs. Margaret Jenkins, who has retired. Mrs. Hyndman has been on the club executive for the past six years, latterly in the office of first vice-president in which capacity she has on several occasions taken the chair in the absence of Mrs. Jenkins. A Manitoban by birth and a graduate of the Manitoba University, Mrs. Hyndman is well-fitted to fill the presidential office and the members look forward to a successful year under her able guidance.

Miss Jean Lumley, Mr. and Mrs. Davis will make their home in Victoria.

A. W. Donaldson, of Sooke; A. Ellis of Sooke; Mrs. Gustafson and Mrs. Lepper of Chemalunus; A. E. Cross and Mrs. Cross of Prince Albert; D. M. Scott; Mrs. O. M. King, G. Mathews and Mrs. Mathews of Vancouver; S. V. Jones and Mrs. Jones of Saskatoon; S. V. Jones and Mrs. Jones of Saskatchewan, Alberta, are among yesterday's registrations at the Dominion Hotel.

Last evening at "Breadalbane," the Rev. Dr. Campbell officiated at a ceremony which made Mr. Robert Haden-Powell Henderson and Miss Helen Henderson, both of Vancouver, man and wife. The groomsmen were Mr. Frederick Walter Barber. The bride, who wore a gown of mauve silk, was unattended. After a honeymoon trip up the island, Mr. and Mrs. Henderson will reside in Victoria.

A quiet but pretty wedding took place last evening at "Breadalbane," the officiating minister's residence, when the Rev. Dr. Campbell united in marriage Mr. Francis Aylwin Bellingley and Miss Edna Jessie Gold, both of which the groomsmen were Charles George Gold, the bride's brother. The bride wore a black silk gown and carried a bouquet of pink roses. She was attended as bridesmaid by Miss Lillian Violet Anderson, who wore a hand-some gown of silk and carried a bouquet of pink roses. After the honeymoon, Mr. and Mrs. Bellingley will reside in this city.

A quiet wedding took place at the Marpole Methodist church on Monday at 4:30 p. m. between Alexander MacDonald Scott, of Victoria, and Miss Fanny Emma Jones, of Marpole. The bridegroom was supported by Paul Patras, R. C. M. P., and the bride by Miss Dorothy Arkwright. The ceremony was performed by Rev. Lashley Hall, after which Mr. and Mrs. Scott, with a few friends, were entertained at 890 Carlier Street, the home of Rev. and Mrs. Hall, before taking the boat to Victoria.

An official organ for the Institutes came up for discussion. It was felt that the Canadian Home Journal, which is the organ, could not give equal space and deal with their problems as it could with the Ontario Institutes. Mrs. James Bryan expressed the need of British Columbia women having their own organ, and having the news before the readers before it was stale.

The regular bi-monthly meetings of the Institutes have been held in the past year. The conference considered standardization of the song "O Canada," and decided to procure the copy used by the Canadian Club for themselves.

The need of having a song book for the Institutes has arisen. A committee was appointed to compile a list of the popular songs, to be submitted to the Institutes for approval, to be added to as they wished.

Some discussion arose out of Mrs. V. S. MacLachlan's report of the conference of the Federated Women's Institutes, held in Edmonton in June. One point dealt with being applications for financial assistance from other organizations. The delegates approved the resolution passed at the federal convention. Out expenditure of funds raised by Institutes be confined to Institute organizations, and to the furtherance of aims and objects as specified in their constitution.

In addition to the regular meetings of the club, nine gatherings of a social nature were held during the year, including receptions given in the Empress Hotel in honor of Mrs. Walter Nichol, wife of the Lieut.-Governor, who we are pleased to record has consented to become our Honorary President. The club has the pleasure of the World's W. C. T. U. Monies Raised.

"As in former years, by the kindness of Mr. and Mrs. Free, the club, "Mount Joy" was placed at the disposal of the club for a garden party in the early Spring. The sum of \$234 was realized which was divided between the club's hospital fund and the Red Cross Work Shop.

Mrs. Gallier placed her commodious home at the service of the club for a bridge tea, which proved a most enjoyable affair, netting \$90. This amount was devoted to the Armenian Relief, bringing the sum contributed to this object up to \$150. Later in the season a similar courtesy was extended the club by Mr. and Mrs. Agnew when their handsome residence and grounds were offered for a bridge tea for the purpose of replenishing

the club's treasury. The sum of \$152 was realized.

"During the Island Conference of women's institutes, the 74 delegates in attendance were the guests of the club to luncheon for one day in the Grill Room of the Parliament Buildings.

"Thus a total of twenty-nine meetings and social functions of the club were held during the year, in addition to which there were nine meetings of the executive.

"A set of pictures representing scenes in the history of the Empire were presented to the Victoria High School. The presentation was made to the staff and student body in the Assembly Hall by Mrs. Spofford in the absence of the president, with several members of the executive in attendance.

"During Educational Week in the city, the club joined with the Local Chapter of Women and the Municipal Chapter of the I. O. D. E. in a public meeting in the auditorium of the High School. Mr. Lister, principal of the Technical School in Vancouver being the chief speaker, and Technical Education the subject.

"An encouraging higher education, a tuition scholarship for the Victoria College was offered the year in the Victoria district schools taking the highest marks in the matriculation examinations, and who purposed taking the University work in the College. This scholarship was awarded Gwendoline Hardie of the Oak Bay High School.

"The club participated in The Fair of Nations, held in the Armory by conducting a "Made in Canada Exhibit," thereby netting a sum of \$124 for the Y. W. C. A.

"Sixty cakes were contributed to the Balfour Club towards its Christmas cheer for patients at Balfour Sanatorium. The sum of \$50 was given toward the Rotary Christmas tree, \$25 to Craigdarroch, and a like sum to the Esquimalt Military Hospital, also \$25 to the Protestant Orphanage and \$10 to each of the following: The W. C. T. U. Home, the

"During Educational Week in the city, the club joined with the Local Chapter of Women and the Municipal Chapter of the I. O. D. E. in a public meeting in the auditorium of the High School. Mr. Lister, principal of the Technical School in Vancouver being the chief speaker, and Technical Education the subject.

"An encouraging higher education, a tuition scholarship for the Victoria College was offered the year in the Victoria district schools taking the highest marks in the matriculation examinations, and who purposed taking the University work in the College. This scholarship was awarded Gwendoline Hardie of the Oak Bay High School.

"The club participated in The Fair of Nations, held in the Armory by conducting a "Made in Canada Exhibit," thereby netting a sum of \$124 for the Y. W. C. A.

MRS. JENKINS NO LONGER HEAD OF CANADIAN CLUB

Retire from Office After Splendid Work; Annual Meeting

After nine years in the presidential chair, during which she has seen the membership grow from 93 to 773, Mrs. Margaret Jenkins yesterday at the annual meeting of the Women's Canadian Club retired from that office, much to the regret of the whole of the membership. Touching tribute to her extraordinary executive abilities, gracious charm and broad vision were paid by Mrs. C. C. Spofford, and Mrs. Frank Andrews, who have been associated with her for many years in the club and in other bodies, and by Mrs. Emmeline Parkhurst, who appealed to the club to retain Mrs. Jenkins as its head, claiming that in her the club had a president "whose abilities had been a great loss to womanhood—would have carried her into any position in the Empire or in Canada."

New Executive.
 Mrs. Jenkins, however, declined nomination, ill-health preventing her acceptance of the responsibilities for another year. As retiring president, she will be an ex-officio member of the executive of the club. Mrs. C. F. C. Hyndman, who held the office of first vice-president for the past two years, was unanimously elected president.

Other officers elected by acclamation were first vice-president, Mrs. C. C. Spofford; second vice-president, Miss Helen Stewart; recording secretary, Mrs. E. M. Smith; treasurer, Mrs. Bradshaw; press secretary, Mrs. H. P. Hodges.

There were thirteen nominees for the executive, the successful seven being announced as follows after the ballots were counted: Mrs. J. H. Fletcher, Mrs. Gallier, Miss Sara Spencer, Mrs. S. F. Toimie, Mrs. Gee, Miss Clay and Mrs. W. A. Jamieson.

Nearly 250 members were present at the meeting which took place at the Empress Hotel. During the election which was conducted by Mrs. W. H. Gee, assisted by Mrs. Whittier and Mrs. Chas. Conyers, a musical programme was given, Miss Mamie Fraser and Miss Middleton contributing vocal numbers, with Miss Broyley on the piano, and Miss Laddie Watkins gave pianoforte selections.

At the close of the election Mrs. Spofford gave notice of motion of an amendment to the constitution aiming to confine the executive to members of British birth only, although others would be admitted to the membership.

Secretary's Report.
 The secretary's report of the year's activity was received with enthusiasm and read in part as follows:

"Only its usefulness in serving and its aptitude for meeting a real need in the community justifies the existence of any organization which today lays claim to the time and the energies of busy men and women. This challenge to carry on the Women's Canadian Club has successfully met, and in pursuance of its aims and purposes, namely, the fostering of patriotism by means of the study of Canadian institutions, history, art, literature and resources, and by endeavoring to unite Canadian in such work for the welfare and the progress of the Dominion as may be desirable and expedient, the organization has stood the test of time and has proved beyond a doubt that there is ample scope for its patriotic endeavors, and it is fully justified in laying claim to the sympathy and loyal support of every true Canadian woman."

A Big Factor.
 "Generally speaking, we live too near to times and want to get the true perspective of their importance and relative values; hence in the present world-wide confusion and disorder, when provincialism is being outgrown, mere formalism in religion is being dissented; ideals, revolutionized, men's programme remade, and new problems are presenting themselves for solution, it is a difficult matter to judge just the place that Canadian womanhood should occupy and the extent of her co-operation in the great task of reconstruction. We simply accept the fact that from the very nature of the circumstances, she might, and ought to become a prominent factor, and the Women's Canadian Club, as the National organization of Canadians, offers a splendid opportunity for her to take her place and to do her part."

"During the past year the efforts of the club have been directed along such lines consistent with its aims and purposes, as opportunity offered."

Social Gatherings.
 "In addition to the regular meetings of the club, nine gatherings of a social nature were held during the year, including receptions given in the Empress Hotel in honor of Mrs. Walter Nichol, wife of the Lieut.-Governor, who we are pleased to record has consented to become our Honorary President. The club has the pleasure of the World's W. C. T. U. Monies Raised.

"As in former years, by the kindness of Mr. and Mrs. Free, the club, "Mount Joy" was placed at the disposal of the club for a garden party in the early Spring. The sum of \$234 was realized which was divided between the club's hospital fund and the Red Cross Work Shop.

Mrs. Gallier placed her commodious home at the service of the club for a bridge tea, which proved a most enjoyable affair, netting \$90. This amount was devoted to the Armenian Relief, bringing the sum contributed to this object up to \$150. Later in the season a similar courtesy was extended the club by Mr. and Mrs. Agnew when their handsome residence and grounds were offered for a bridge tea for the purpose of replenishing

the club's treasury. The sum of \$152 was realized.

"During the Island Conference of women's institutes, the 74 delegates in attendance were the guests of the club to luncheon for one day in the Grill Room of the Parliament Buildings.

"Thus a total of twenty-nine meetings and social functions of the club were held during the year, in addition to which there were nine meetings of the executive.

This scholarship was awarded Gwendoline Hardie of the Oak Bay High School.

"The club participated in The Fair of Nations, held in the Armory by conducting a "Made in Canada Exhibit," thereby netting a sum of \$124 for the Y. W. C. A.

"Sixty cakes were contributed to the Balfour Club towards its Christmas cheer for patients at Balfour Sanatorium. The sum of \$50 was given toward the Rotary Christmas tree, \$25 to Craigdarroch, and a like sum to the Esquimalt Military Hospital, also \$25 to the Protestant Orphanage and \$10 to each of the following: The W. C. T. U. Home, the

club's treasury. The sum of \$152 was realized.

The foolish man who built his house on the sand

He gave an example in folly which anybody can understand.

Isn't so easy, however, to sense the mistake of trying to build the body on foods which lack essential nourishment.

Here, again, is a foundation of sand which gives way when the test comes.

Many a food that tastes good lacks honesty of nourishment to equal its taste. Thus it tempts the appetite into mistakes that often are costly.

Grape-Nuts is a food which helps build bodily endurance for life's stress and storm. The full nourishment of wheat and malted barley, together with the vital minerals so necessary to bone structure and red blood corpuscles, with phosphates for the brain, is retained in Grape-Nuts. The long baking process by which Grape-Nuts is made gives the food a natural sweetness and an unusual ease of digestibility and assimilation.

Served with cream or milk, Grape-Nuts is fully nourishing, and whether eaten as a cereal at breakfast or lunch, or made into a pudding for dinner, Grape-Nuts has a particular delight for the appetite. Sold by grocers.

THE GREEN DWARF—Part I.
The Green Dwarf lived on a big high rock in the middle of the sea, and when the wind blew loudest and the waves wildly dashed over his home the Green Dwarf seemed to be the happiest, for it was then that he climbed on his crooked stubby legs to the very highest peak of his rocky home and danced and capered in the most grotesque manner.
It was on such a night that a big wave, dashing higher than the others, reached the very feet of the Green Dwarf, and he stepped with wild laughter upon it and rode far away from his home in the sea.
When the Green Dwarf landed he stood in the Kingdom of the King Poto, who that night was giving a grand ball for his only child, the Princess Izell, that she might, from among the Princesses present, choose a husband.
The lights from the palace of King Poto could be plainly seen from the shore where the Green Dwarf landed, and it did not take him long, even though he was so short, to make his way to the gate of the palace and knock.
When the servants of the King saw the queer-looking creature they used to drive him away, but with the quickness of a cat the Green Dwarf slipped between their feet and, with a shrill weird laugh, he ran down the hall and entered the ballroom, where the Princess Izell sat with her mother, the Princess Izell's mother was dancing with Prince Errol, the one she had chosen for her husband.
Before anyone knew he was there, but the servants who had answered his knock, the Green Dwarf leaped into the middle of the room and caught the Princess away from the Prince for though at that minute she was very broad and thick and his arms as strong as a giant's.
At first the guests thought it was a joke and began to laugh as the Dwarf whirled around the room with the Princess, but when they saw the look of terror on her face and heard

her cry for help they all ran, even the King, to release her.
But before they could reach her side the Dwarf had leaped through an open window with the Princess in his big arms, and, tossing her over his shoulder, he ran like the wind toward the sea.
The Princess Izell, that she might, from among the Princesses present, choose a husband.

Weilers Now Leaders Of Wednesday League

Defeated Retail Clerks in Fast Game and Broke Tie for First Place — Garrison Make First Appearance and Win Over Kirkham's

Weiler's soccer team now leads the Wednesday Football League with a perfect average as a result of yesterday's games. The Retail Clerks went under to a 4-1 defeat before the fast Weiler eleven, while the Garrison, in the initial appearance, scored a 5-0 victory over Kirkham's.

The standing of the league is as follows:

	P.	W.	L.	Pts.
Weiler's	2	1	0	2
Garrison	1	1	0	2
Retail Clerks	2	1	1	2
Spencer's	1	0	2	0
Kirkham's	2	0	2	0

A good game was anticipated at Ed Beaton Hill between the Retail Clerks and Weiler's as the teams were tied for leadership. While both teams played hard, the upholders had the upper hand, and there was no doubt as to which team was the superior. The Clerks showed flashes of brilliance, but their forward were unable to penetrate their opponents' defense.

At the outset it looked as though the Clerks would force matters. They had Weiler's on the defensive and shortly after the start Holyoak slipped through and lifted the ball between the post. This, however, proved to be the only goal that was to go to the Clerks. Weiler's defence became as tight as glue.

The upholders set about setting goals themselves, but they found the going a bit hard. They were only able to equalize the score in the first half, Dave Stewart making the shot.

Weiler's Looking Up.

With the slope in their favor Weiler's forced the attack in the second half and Livingstone sent in a shot which put them ahead. Hay gave a pass to Livingstone in the goal mouth, and Peden had no chance to save. Livingstone latter returned the ball to Hay, taking the ball down the wing and centering. Hay rattling in a wicked shot. The last goal for Weiler's was scored by Hay.

An unfortunate accident occurred in the first half, Baker, of Weiler's, and Holyoak, of the Clerks, colliding. Holyoak was able to resume later in the game, but Baker had to remain off the field.

The teams were as follows:

Weiler's — Jelliman, Baker and Newman; Hall, Hilton and Hall; Livingstone, Stewart, Hay, Knapman and Hilton, Reserve, Mason.

Retail Clerks — R. Peden, A. Moir and Pollock; T. Peden, Thompson and Kirkham; T. Clark, W. Fletcher, Billy Cull, Holyoak and T. Green. Reserves, Woods and Whittaker. Referee, Stokes.

The Garrison trotted out on to the field at Work Point yesterday for their first game in the Wednesday League. They succeeded in overwhelming the Kirkham eleven and demonstrated that they will prove a stumbling block to the other teams, which are figuring on the championship. Kirkham's showed some nice work at times, especially in the second half, when they tried to break into the scoring column, but their shooting was bad, two shots in succession going over the top of the bar. Kennedy shot three goals for the Tommies in the first half. In the second half the Garrison did not have their own way so much. Their forwards, however, rattled in two more goals, while Kirkham's were unable to save the shutout.

BARNES AND HAGEN ARE AGAIN VICTORS

New York, Oct. 5.—Jim Barnes, national open golf champion, and Walter Hagen, professional title holder, yesterday defeated Abe Mitchell and George Duncan, British professionals, for the second time in two days. The Americans won three up and one to play, over the course of the Belle Claire Golf and Country Club at Bayside, N.Y.

ENGLISH LADY GOLF STARS ELIMINATED

Miss Edith Leitch and Mrs. Latham Hall Defeated; Miss Stirling Wins

Deal, N. J., Oct. 5.—Miss Alexa Stirling, American lady golf champion, defeated Mrs. Latham Hall, of England, in the women's national golf tournament to-day by one up at the home green.

Miss Elaine Rosenthal, of Chicago, defeated Miss Edith Leitch, of England, one up, nineteen holes.

Deal, N. J., Oct. 5.—Mrs. F. C. Letts, Jr., of Chicago, conqueror of Miss Cecil Leitch, was defeated in the women's national golf tournament to-day by Miss Marion Hollins, of New York, 4 and 3.

Deal, N. J., Oct. 5.—Play for the United States women's championship on the Hollywood links here yesterday reached its dramatic climax when Miss Cecil Leitch, British, defeated the Canadian and French champion, Mrs. F. C. Letts, Jr., of Chicago, one up.

Miss Leitch met disaster on the home green and so unexpected was the denouement that the gallery was silent a moment before it remembered to acclaim their victory. Chances of the championship going to the British delegation are still serious. Miss Edith Leitch, her sister, yesterday displayed the best approaching and putting of the tournament by defeating the clever Miss Mildred Caverly, 4 and 3.

Miss Alexa Stirling, who is defending the title, had no difficulty in defeating the grey-haired veteran, Mrs. Caleb Fox, of Philadelphia, 5 and 4.

Mrs. Latham Hall, who is competing as a representative of mid-Surrey, England, increased respect yesterday by defeating Mrs. Melvin Jones, of Chicago, the Western champion, 5 and 3.

PICK U.S. GOLF TEAM TO PLAY FOR TROPHY

Twenty-four Players Will Meet Oak Bay Sunday for Wright-Ditson Cup

In an attempt to win back the Wright-Ditson Cup, which is emblematic of the club golf championship of Victoria, the United Services Golf Club has selected a very strong team. Twenty-four players will meet the Victoria Golf Club, present holders of the trophy, at the Oak Bay links on Sunday next.

C. P. R. FOOTBALL CLUB WILL MEET TO-NIGHT

The C. P. R. Football Club will hold a meeting in Dr. Grant's office, Permanent Loan Building this evening at 8 o'clock. It is necessary that everyone interested in the welfare of the club should be on hand, particularly all intending players, as the team to play in the first league game will be chosen.

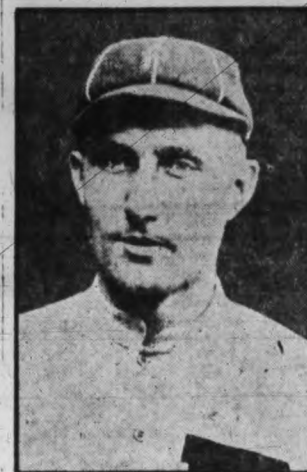

Registration forms are now ready, and these must be signed by the players at the meeting to-night. The game will be played at Central Park on Saturday.

Football executive committee members are requested to be at Dr. Grant's office at 7.30 to-night, to deal with some urgent business before the general meeting convenes.

ROE LEADS YARROWS; TAYLORS SKIPS METS

Soccer Teams Appoint Captains to Lead Them on Playing Field

When Yarrows First Division eleven takes the field on Saturday for its first league match this season it will be "skipped" by Johnny Roe, the popular right-half. Roe was elected at a meeting of the club held last evening in the Veterans of France clubrooms.

Roe has been playing half-back for Yarrows ever since that team entered the senior league. Prior to that he was with the Harbor Marine. He is looked upon as one of the most effective half-backs in the city.

Jimmy Allan is to be vice-captain. Jimmy is also a popular soccer player and player-centre half on both the Victoria rep team and the British Columbia all-stars against the Scottish Internationals.

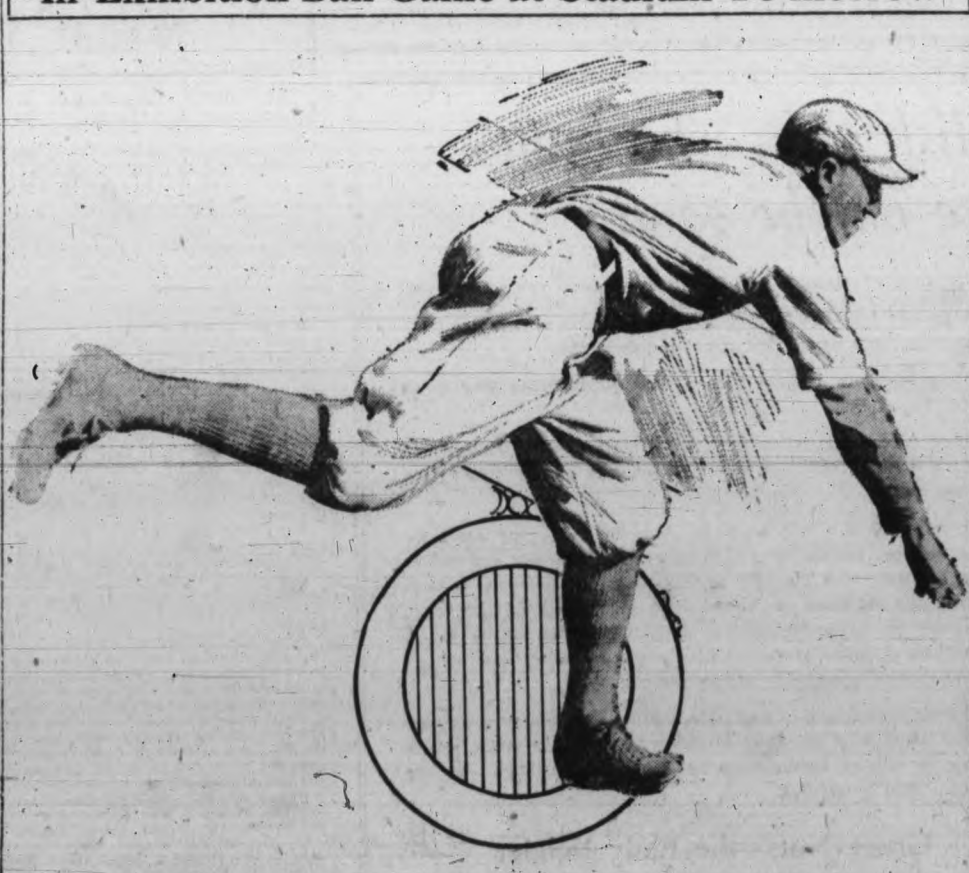

Taylor Leads Mets.

Everett Taylor, who has been playing football in Victoria for nearly twenty years, is to captain the Metropolitan First Division team. Taylor says when he mentions his record that folks are liable to think he is a grey-haired veteran. He, however, began playing the game at the North Ward School when he was not much bigger than a football.

Taylor is one of the best full-backs the city has ever produced. He is only a small player, but has a powerful kick and uses his head at all times. Taylor played full-back with Bob Whyte against the Scottish visitors last Spring.

Former Big Leaguer Who May Twirl For Seattle In Exhibition Ball Game at Stadium To-morrow

AL DEMAREE

who for several years did a lot of useful flinging for the New York Giants. For the past two seasons Demaree has been with the Seattle Coast League team and has been one of the leading twirlers in that circuit. Demaree may be the selection of "Duke" Kenworthy for the mound in to-morrow's match against the Coast League All-Stars.

Coast Leaguers Play Ball Here To-morrow

Seattle and All-Stars Will Perform at Stadium—Several Thousand People Expect to See Flashy Ball Teams Perform—Former Big League Players Among Those Who Will Flit About on Diamond.

During the course of the baseball season it is the good fortune of some local fans to travel across the border to Seattle or other Coast cities and see a few exhibitions of Class AA ball. But that is not the lot of everyone and as a result the tussle to be staged at the Stadium to-morrow afternoon at 2 o'clock between the Seattle Indians and the Coast League All-Stars should attract a very large crowd. The teams are the best that played in the league last season.

The clubs met in Vancouver in the first of a two-game series and Seattle won with Herb Brenton pitching. It is expected that Seattle will use Al Demaree in to-morrow's game. He is one of the aces of the team and a few years ago was one of the top-notchers in the National League.

Many Big Leaguers.

On the two teams are a number of former big leaguers, who, while a little too slow for the majors, are still cracking good ball players. Bill Stumpf, the man who squeezed Carter Elliott out of the shortstop job on the Seattle club, will play here. Stumpf landed the berth because he could hit, although not nearly as flashy or fast a fielder as Carter. However, the Chicago Cubs believe that they have one of the nearest shortstops that ever stepped about a diamond in Carter, and it looks as though the Seattle management have guessed wrong.

This ball game will be one of the tit-bits of the season and is creating a great deal of talk among the public here. It is expected that several thousand fans will parade to the Stadium to-morrow to watch the teams perform. The price of admission has been set at 70 cents for the grandstand and 50 cents for the bleachers.

Teams Arrive To-morrow.

The teams finish their series in Vancouver to-day and will arrive here to-morrow morning. They will leave on the afternoon boat for Tacoma to play a game there on Saturday.

The tour of the Coast League teams is serving a two-fold purpose. The league is anxious to stimulate interest in baseball in the Northwest and also desires to test out the cities as patrons of the game.

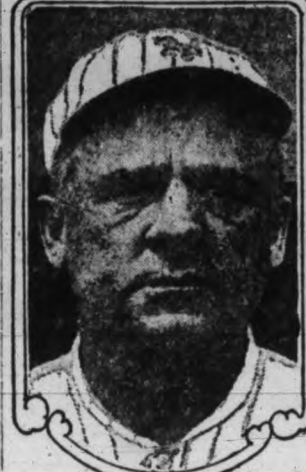

The Teams.

The teams will be as follows: Seattle—Lane, lf; Wister, 2b; Murphy, lb; Eldred, cf; Kenworthy, 3b; Stumpf, ss; Middleton, rf; Tobin, c; Adams, c; Jacobs, p; Brenton, p; Demaree, p; Francis, p; Schorr, p; Dailey, p.

All Stars—Kelly, cf; San Francisco; Schick, lf; San Francisco; Cox, rf; Portland; Griggs, lb; Los Angeles; Walsh, 2b; San Francisco; Nichoff, 3b; Los Angeles; Hale, ss; Portland; Baker, c; Portland; Anfinson, c; San Francisco; Lewis, p; San Francisco; Share, p; San Francisco; Keefe, p; San Francisco; Ross, p; Portland; Crumpler, p; San Francisco.

FIGURES HIS TEAM WILL COME THROUGH WITH A WIN TO-DAY

JOHN MCGRAW

manager of the New York Giants, better known as "Muggsy," who admits that the Yankees had it on his team yesterday. "McGraw, however, say, 'Look out to-day.'"

MEUSEL FAMILY IS SURE OF SOME COIN

Emil is Playing With Giants, While Bob is With Yankees; How They Feel

New York, Oct. 5.—No matter which way the world's series goes, Meusel, of New York, will be satisfied and will receive a winner's and loser's share. That's because there are two Meusels. Bob of the Yankees, and Emil, called "Irish," of the Giants, not the first brothers to oppose each other in a world's series, but certainly the first tenants of one and the same apartment to do that thing.

They call them the twins around the Hotel Ansonia on Broadway, that house of ballplayers where live Babe and Mrs. Ruth, Wallie and Mrs. Schang, and Bob-the-Gob Shawkey. That is because Emil is 27 and Bob but 25—Emil a giant by stature as well as affiliation and Bob a tall, well-built brood of a ballplayer of the athletic model made popular through the clothing ad.

Admire Each Other.

The brothers Meusel held a trifling mutual admiration meeting in the lobby yesterday afternoon, after the final practice had been held by both teams. Some folks wanted to know how Emil would feel toward Bob if Bob should back up against the right-field wall and spear with one hand a three-bagger of his which might mean the loss of a Winner's share to Emil.

"Bob, what do you think of this Bob Meusel of the Yankees as a ballplayer?" one of the fans asked the Giants' outfielder.

"Oh, I don't know much about the fellow," said Irish, willing to be generous. "Why not ask him; he's somewhere around here. I just know he's got twenty-four homers this season."

"Bob, what do you think of this Irish Meusel of the Giants?" the cross-examiner turned to the Yankee Meusel.

"Oh, not a bad ballplayer, I guess," said Bob. "Pretty decent fellow personally, but he ought to get with a world's championship club. He's around somewhere; why not ask him what kind of a player he is."

The Australians sail for home on Friday.

EXHIBITION BASEBALL

Seattle Wins Game.

Vancouver, Oct. 5.—An exhibition game between two teams of players of the Coast Baseball League here to-day, resolved itself into a "Seattle vs. The Rest" alignment, and the victory went to the Seattle players. The score:

Seattle	9	13	1
Coast League (All Stars)	3	10	2
Batteries:	Brenton and Adams; Tobin; Shore and Baker.		

Kerr Beat Alexander.

Chicago, Oct. 5.—Dick Kerr was a better pitcher than Grover Alexander yesterday; and the Chicago Americans shut out the Chicago Nationals 2 to 0, in the first game of the series to decide the city championship. It was the first meeting of the two clubs since 1915.

Louisville Gets Jump.

Louisville, Oct. 5.—Louisville defeated Baltimore 16 to 1 in the first game of junior world series to-day, battering three pitchers for 19 hits. Baltimore saved itself from a shutout by scoring a run in the ninth.

Louisville	16	19	0
Baltimore	1	10	2
Batteries:	Grove, Frank; Clark and Egan; Cullop and Meyers.		

THREE-CUSHION BILLIARDS

Pittsburg, Oct. 5.—Champion John Layton, with an unfinished run of ten yesterday defeated Charles Otis, of New York, 50 to 15, in the National three-cushion billiard tournament. Otis's only run was two. In the second contest of the day's play between Alfredo de Oro and Hugh Heal, the Cuban won 50 to 45 in 57 innings. Both had a run of four.

Rummage Sale—Saint Mary's Hall, Oak Bay, Tuesday, October 11, 2 p.m.

NEWS IN BRIEF

Bank Clearings.—Bank clearings for the week ending to-day were \$2,445,240, compared with \$3,931,968 in the corresponding week of 1920.

Court Triumph.—The ladies of Court Triumph, A. O. F., will hold a meeting in Foresters' Hall Friday evening at 7.30, followed by a whist game with Court Camosun.

Linon Shower at Saanich.—The Women's Auxiliary to the Saanich Memorial Health Centre will hold a linen shower at the Centre on Tuesday, October 11 from 3 till 5 o'clock, when donations of pillowcases, towels, sheets, table-linen and other articles of use in the home will be very gratefully welcomed. Refreshments will be served.

Presbyterian Association.—Those who favor the preservation of the Presbyterian Church in its present form as a separate entity have called a meeting in the Orange Hall this evening at eight o'clock, when the aims of the Association will be set forth, and the history of the movement to end the church's separate existence will be reviewed. All Presbyterians in sympathy with the broad aim of the Association are invited to attend.

Concert on Friday.—The Silver Lining Mission band of Gordon Head will hold a concert in the Gordon Head Hall on Friday evening next, commencing at 8 o'clock. Many practices have been held in preparation for the event, and a delightful programme has been arranged for the affair. Miss Jessie Carter, violinist; Edward Estlin, comedian; with Mrs. Todd and party from Victoria will assist the local entertainers at the concert.

Baby Clinic.—A baby clinic will be held at the Saanich Health Centre, Royal Oak, to-morrow at 2.30 p.m. Dr. Barty in attendance. A welcome is extended to all mothers with their infants. A jitney service will pick up the mothers and babies, for a small fee, at the following places: Bates' Supply Store, Davida Avenue, 2 p.m.; Millgrove Grocery, Burnside Road, 2.15 p.m.; B. J. Garvin's Grocery, Harriet and Bolleskine Roads, 2 p.m.; Riley's Drug Store, Douglas and Cloverdale, 2.15 p.m.

Many Donations.—Mrs. Gordon Smith, the regent, was in the chair at the meeting of the Margaret Locke Robertson Chapter, I. O. D. E., last evening. There was a good attendance of members and three new members were received and one proposed by the Chapter, including \$25 to the Hospital; \$5 to the Boy Scouts' Field Day, which was recently held at Oak Bay; \$12 to the secondary education scheme. A donation was also forwarded to assist the son of a fallen soldier, who shows remarkable talent in art.

Report of Esperanto Meeting.—On Wednesday evening the Esperanto Group of this city held the first meeting after the summer recess, in Room 6, Brown Block, Broad Street. There was a good attendance and several new members joined. Mrs. Gordon Smith (vice-president) having left town, Mr. York was elected to fill that office. In future the meetings will be held on Tuesday at 8 o'clock at the above-mentioned address. Instead of Thursdays as formerly. Owing to the interest shown the president has been asked to give an address on the subject of the International Language next Sunday, October 9, at Room 214-215, Pemberton Building, at 8 p.m.

Ward Two Liberals.—A lively meeting of Ward Two Liberals was held in the Liberal Club Rooms last night and a good deal of business was disposed of by the large attendance, including details of arrangements for attending the nomination district convention to be held at headquarters to-morrow night. Ward Two will be in fine fighting trim for the campaign, and intends to make one of the best showings of any ward in the city when it comes to supporting the Liberal candidate selected to run for the Federal Parliament. President William Ivel, of the Victoria Liberal Association, was present and addressed the meeting. Ward Two recommends to the Central Association that an organizer should be appointed at once to direct the campaign.

Development Association.—At yesterday's meeting of the administration committee of the Victoria and Island Development Association, it was decided to commence the advertising campaign in the Orient for prospective vacation seekers who will be taking their furloughs at this time of year. Advertisements showing the attractions of Victoria and district will be inserted in the newspapers in the Far East. It is not only from the Orient that this type of visitor comes, however, as J. G. Thomson, publicity commissioner, states that there are a considerable number of residents in the Old Country who appreciate the advantages of visiting this part of the world. A gentleman who is spending a holiday here at the present time, has secured a considerable amount of information from the Association and from other sources for the benefit of a number of his friends in the Old Country as a result of which he anticipates there will be a large number of them come to Victoria to spend a vacation here.

ALDERMEN REFUSE TO SUPPORT WOOL MILL SCHEME HERE

Attack Offer to Buy Half Mill Site

Announcement in last night's Times that the Civic Industrial Committee had offered to recommend that the city pay half the cost of a site of a woolen mill here, caused an uproar at the City Hall to-day.

That the City Council would not endorse the committee's proposal became pretty evident when Aldermen Sangster and Andros came out against the scheme, and other members also opposed it. They said they would not support the plan to pay half the cost of a mill site in an effort to bring a woolen manufactory here.

Alderman Andros added that the committee, in his opinion, should have asked the Council's consent before making such a proposal to Hirst & Co., the British woolen firm which is considering the establishment of a woolen mill here.

Mayor Defends Scheme.
Mayor Porter, who is a member of the Industrial Committee and who with Chairman Alderman John Harvey, has worked hard in the wool mill project, warmly defended the committee's action. For the information of the committee's critics he produced the cablegram which the committee has dispatched to Hirst & Co. This message stated that the city's former offers would stand, and that the committee was prepared to recommend to the Council that it agreed to pay half the cost of a mill site.

"We did not bind the Council to this plan," the Mayor explained. "We said only that we would recommend it. I cannot for the life of me see the basis of the criticism which has been suddenly hurled at us for our action."

Alderman Harvey refused to comment on published criticism of his committee's work. He said that facts had been twisted by members of the Council quoted in the press this morning.

SCOTTISH FOLK SONG RECITAL

Miss Mairi Matheson at Caledonia Hall Friday

Miss Mairi Matheson, the well-known contralto, will give a recital of Scottish and Hebridean folk songs at the Caledonia Hall to-morrow evening at 8.15 p.m. This is the second recital given by Miss Matheson in Victoria and the charm of her previous performance and the attractiveness of the programme should ensure for her a large and enthusiastic audience of all who love the old Scottish songs. She is pre-eminent in the ranks of Scottish singers, possessing a love and understanding of the songs of her country in addition to a voice of unusual quality and artistry. The pleasure of the recital will be enhanced by the presence at the piano of Mrs. A. J. Gibson.

The programme follows:

- Songs—
(a) My Land W. S. Roddie
(b) The Banks of Allan Water Lewis
(c) Hail to the Mighty Buns Cameron
(Gaelic) Miss Mairi Matheson.

TO LECTURE THRICE IN VICTORIA SOON

Prof. Ernest Wood, Prominent Educationalist, Coming

Professor Ernest Wood, who is the principal of the Sind National College and professor of physics in that institution, will lecture in Victoria next Tuesday, Wednesday and Thursday. The Sind National College is one of the colleges of the National University of which Dr. Rabindranath Tagore is Chancellor. Professor Wood is the title-holder of the "Sivaganga Mutt" which is presented by Sri Sankaracharya for conspicuous service to the Hindu.

Professor Wood has founded two University Colleges, the Sind National College, Hyderabad, and the Wood National College, Madanapalle, and a number of High Schools.

His interest in modern ideas of education brought him into the Theosophical Educational Trust of which he became secretary in 1912. This trust had thirty-seven colleges and schools, but presented most of them to the society for the promotion of National education, to help them in their Indian work.

Professor Wood has been offered the Blue Rooms, Pemberton Building, for his lectures and talks. The public will be admitted free, and Professor Wood will be glad to answer questions with regard to modern educational problems.

Professor Wood is the author of more than a dozen books, of which Memory Training, Concentration, Character Building, National Education and A Text-Book of Indian Citizenship, are worthy of deep study by those who are interested in solving educational problems.

The Player-Piano Is Popular

Following the lead of many of the world's greatest pianists, who have endorsed the musical capabilities of the player-piano, this instrument is receiving the preferment it really deserves.

This popularity is the outcome of the many improvements embodied in the player-piano in recent years.

Instruments that show all of these latest improvements are the Gerhard Heintzman Cecilian and Sherlock-Manning. You may examine them here to-day. Prices, with a selection of music rolls, from \$850

NO DANISH PASTRY FOR MAYOR PORTER

L. C. Klitting, world champion Danish pastry cook, who is in Victoria now, can cook as much as he pleases for other people, but he will not cook for Mayor Porter. That is, not unless he cuts his price about a hundred per cent.

The Mayor was rather interested in the recent announcement that Mr. Klitting would cook some Danish pastry for him—until he noted that Mr. Klitting charges \$250 a day for his work.

"Ordinary Canadian pastry is quite good enough for me," the Mayor said this morning. "I should like to taste some of Mr. Klitting's creations but not at that figure."

Mrs. W. H. P. Sweeney, accompanied by her little daughter Lillian, left to-day for Chicago, Ill., where she will visit Mrs. Merriman for a short time.

Miss Catherine Rignold, daughter of Mr. Hugo Rignold, musical director of the Winnipeg Theatre and herself a prominent musician, is the guest of Mr. and Mrs. C. H. Whittall, Chapman Street.

To secure high-grade silks from such a vast quantity and exquisite array of colors at so small cost is an opportunity that cannot be overlooked by the keen buyer. Silks that are, in many cases, less than half their former values, and standard qualities such as Imperial taffetas, heavy quality Swiss satin messalines, close, firm weave crepes de Chine, superior quality Georgettes, heavy wash satins and many others. Now is an opportune time to anticipate requirements for lingerie gifts, waists and dresses. Each line presents a full range of the most favored colors.

Heavy Wash Satins at \$1.98

Shown in the favorite colors for lingerie—ivory and flesh. This is an opportunity to save in the purchase of your requirements for lingerie gifts; satin 36 inches wide; regular \$2.50 values. At **\$1.98**

**VICTOR DORIGO IS
NOTED ACCORDIONIST**

A rare musical feature at the Capitol this week is the instrument so popular throughout Italy, and other Mediterranean Provinces, the piano accordion, played by Victor Dorigo with so much skill, spirit, and aplomb.

**Quality and Value
Pledger & Co.**

1,600 Douglas Street

The Home of Simmons Beds. We carry in stock every bed made by Simmons. Also Bedroom and Dining Room Furniture at prices that make buying a pleasure.

His selections, accompanied by the full orchestra, are greeted with much enthusiastic applause from Capitol audiences. The piano accordion already described in these columns, is of very ancient origin, being first used in Italy. It has a keyboard like a piano and its range is about three octaves. Its notes are produced by means of a bellows manipulated by the left hand. It is no longer a primitive instrument, and like Victor Dorigo, A. Minervini and other well known accordionists now on tour, modern artists are including selections for this somewhat inspiring instrument from the works of the great masters. Victor Dorigo hails from sunny Italy, and it was there that he received his accordion education. He loves his native instrument, and has succeeded in arranging for it some well known piano classics, which he has embodied in his repertoire, all of which he plays with an artistic and enjoyable finish. He has engagements to occupy him for a period of two years.

**The Iron Food
for Vitality**

She needs it—
"The Iron Food for Vitality."

True Beauty Food

is an "iron food" like raisins. Serve daily as a breakfast fruit for best results

Stewed Raisins

Brew for breakfast every morning and get your daily iron this way. Cover Sun-Maid Seeded Raisins with cold water and add a slice of lemon or orange. Place on fire, bring to a boil and allow to simmer for one hour. Sugar may be added but is not necessary, as Sun-Maid Seeded Raisins contain 75 per cent natural fruit sugar.

Raisin Pie

Menace quickly refreshed at night by a dessert like this.

A more delicious breakfast dish than stewed raisins served with cream never has been known—just try and see.

You'll want it every morning.

The food-iron of the raisins will be an every day supply, if this becomes your regular fruit dish. The blood absorbs the iron; and vigorous vitality, if you possess it, is thus protected. Where vitality is lacking, it is

frequently restored in this delightful way.

The greatest charm of woman is vitality. Its signs are bright eyes, healthful energy and a pretty rose tint on the cheeks.

You need but a small bit of iron daily, yet that need is vital. Pale, tired women are given this attractive dish for breakfast at a famous sanitarium in Battle Creek. For physicians know that value of the raisin.

SUN-MAID RAISINS

Use Sun-Maid Raisins, made from California's finest table grapes—American raisins, processed and packed immaculately in a great modern California plant.

Seeded (seeds removed); Seed-

less (grown without seeds); Clusters (on the stem). Also a fine, ever-ready dessert.

Raisins are cheaper by 30 per cent than formerly—see they are served regularly in your home.

**CLAIM DRYDOCK
WAGES TOO LOW**

Labor Council to Appeal to
Hon. S. F. Tolmie

Declaring that workmen who are building the new Esquimalt drydock are not being paid in accordance with the wage scale authorized by the work, the Trades and Labor Council last night decided to appeal to Hon. S. F. Tolmie, Minister of Agriculture, to see that the wage scale is enforced. It was stated that carpenters are being paid at the rate of \$5.50 a day instead of \$6, as is provided for in the wage schedule. It was asserted also that Victoria workmen cannot secure employment on the drydock project.

Chinamen's Wages.
Complaints to the effect that Chinamen on the staff of domestics at Government House are being paid materially more than white women employed there, were received. It was decided to take the matter up with the Lieutenant-Governor.

The resignation of J. A. Shanks from the position of vice-president was received by the Council. Mr. Shanks explained by letter that he was leaving shortly for Los Angeles and would be absent until the end of the year. R. Nunn, of the Street Railwaymen's Union, was elected to Mr. Shanks's place, Delegate Ernest Orr being chosen to take Mr. Nunn's place on the executive.

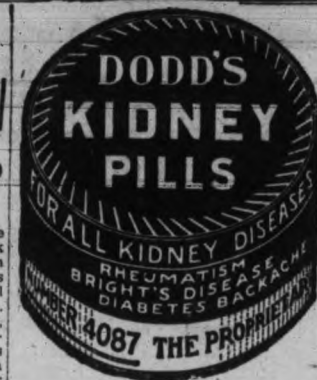

With the idea of having all workmen vote at the December civic election, the Council decided to use the municipal authorities of Victoria and adjoining municipalities to allow householders to register during the evenings of October.

The Council agreed to hear an address by a representative of the Vancouver Island Council of Social Hygiene on the aims and objects of that body.

Hiccup Epidemic Prevalent.
Don't get the habit of hiccup—stop the slightest attack at the beginning. Nothing brings such magical relief as slowly sipping a few drops of Nervine in sweetened water. For stomach pains, bloating, cramps, diarrhoea, nothing will prove more useful in every home than a 35-cent bottle of good old Nervine. (Advt.)

**VETERANS ASK
FOR INVESTIGATION**

At a meeting of the Great War Veterans, Victoria branch, held on Tuesday, it was decided to send a resolution to the Federal Government requesting an investigation into the medical department of the Soldiers' Civil Re-establishment in this Province, to elicit the truth about certain grave charges of inhuman treatment that had been alleged. The treatment of Victoria patients who were made to attend treatment in Vancouver, is understood to be one of the matters protested against. ELKS HOLD DANCE

Swimming Club Host at Enjoyable Affair.

Elks' Hall, Douglas Street, presented a lively scene last night on the occasion of a dance given by the Elks' Amateur Swimming Club. The committee on arrangements made a fine showing and the affair was a great success. Ozard's orchestra was in attendance and dancing continued until 1 o'clock. Refreshments were served and there was a fine programme of music.

The following committee of the organization identified the arrangements in a most satisfactory manner: E. S. Stock, chairman; Mrs. F. Spencer, Misses G. Woods, D. Greaves, E. De Bois, F. Ross, J. Rutledge, N. Warburton, and J. Woods. C. Ross, M. Roberts, C. Turner, W. White, J. Stewart and F. Dillabough.

**TO SEEK FISH
FROM DEEP WATERS**
Explorer to Investigate Caribbean Sea and Adjacent Waters

F. A. Mitchell-Hedges, F.R.G.S., of Sandbanks, Parkstone, Dorset, England, the well-known explorer, hunter and deep sea fisherman, has just sailed from Avonmouth for the West Indies. Seen aboard the Bayano, of Elders & Fryffline, by a Bristol Observer representative, Mr. Mitchell-Hedges, in the course of a short interview, outlined what will probably prove a most interesting and adventurous expedition. He will not have any other white man with him.

Fishing the Caribbean Sea.

"It is my intention," he said, "to thoroughly fish the Caribbean Sea, St. Thomas in the western portion of the island, for the great fish which I know inhabit these waters—such as tarpon, Jew fish and many others. I am receiving great assistance from Messrs. Elders & Fryffline, who are placing every facility for me at their various stations. After leaving Jamaica I propose going to the Republic of Colombia, and then penetrating the hinterland in almost unknown parts, returning to the coast and the big game fish of the Caribbean Sea. I know not what those depths contain, but my experience gives me the belief that there are fish, the size of which at present can only be guessed at. There is the sea bat, or giant ray, sealing over 1,000 lbs.; tremendous Jew fish, giant sword fish, kingfish and other lines and arapaima, some records of which give lengths of 15 and 20 feet, with weights of over 1,000 lbs. These, as I say, are known, but the mammoth fish in these depths is unknown.

Special Outfit.
Previous experience has given me a knowledge of what is necessary to cope with these monsters of the deep, and I am fully equipped with what is probably the most complete big-game fishing tackle which has ever been used. There are rods, specially reinforced, which are able to withstand a strain of about 600 to 800 lbs.; as well as reels with ball bearings, well greased, which will carry 30 yards of 36 thread line, while the reels are specially constructed to bear the enormous friction and strain which it is possible they will be called upon to bear. In addition, there are other lines and, with necessary appliances, which include spinners, rod rests specially constructed with thick india rubber butts, to withstand the great pressure occasioned in playing the deep sea fish. I have shark hooks fitted to steel chains and bolt swivels, the chains and hooks being able to stand a breaking strain of over 2,000 lbs. There are also riffling and expanding bullets to give 'coup de grace' to any monsters brought up. An important feature of my outfit is half a dozen great fishing lines, specially made from Spanish hemp. Though they are not as thick as your little finger, each line, 120 yards in length, is able to withstand a breaking strain of 2,000 lbs., and a towing strain of possibly 4,000 lbs.

Unknown Monsters.
A point emphasized by Mr. Mitchell-Hedges was the possibility of finding some pre-historic fish. Though on land, pre-historic beasts had disappeared with the march of civilization, he said, convincing evidence that there were great opportunities for scientific research in the oceans and what dwell therein. Owing to the fact that these monsters had been undisturbed in the mighty deep, it was well known that there were many fish, if fish they could be called, which must date back to pre-historic days. He expressed the opinion that there were wonderful possibilities in the great stretches of the Caribbean Sea, with the adjoining Gulf of Mexico and the Pacific Ocean.

Another object of Mr. Mitchell-Hedges's journey, which will entail a two years' cruise, is to make an expedition inland, with the object of exploring the country of the Aztecs, a race which there is still much to learn.

Margaret Jenkins School.—Commencement exercises will be held in the Margaret Jenkins School to-morrow, beginning at 2 p. m. Pupils of the school will give a short programme, to be followed by the presentation of High School certificates and diplomas. Friends of the school and particularly all old pupils are invited to be present.

who attended thoroughly enjoyed the entertainment.
The hall had been attractively decorated for the occasion, the lodge colors, purple and red, playing a big part in the color scheme. Wallace's orchestra was in attendance and the dance programme was an extremely popular one.
The grand march was held at ten o'clock, when Mayor Porter, Mrs. W. W. Brentzen and Dr. Howard Miller, the judges, undertook the difficult task of selecting the winners in the various classifications for which prizes had been offered.
The prize for the best dressed lady was given to Miss Stella Jaynes, who appeared in a charming Turkish costume; the winner of the best dressed gentleman, J. P. Bliss, in Mexican outfit. Mrs. Ralph Harvey won the prize for the most comical lady's costume in policeman's uniform, and James Robertson and his small dog Queenie captured the most comical man's prize as "Tramps." Mrs. John V. Black won the prize for the most original lady, dressed as an Indian squaw, a part which she acted most faithfully, and Fred Cook won the most original gentleman's prize as a Torsador.
The ball is the first event in the series of fortnightly dances to be held by the Moose.
